## Overview of Businesses

Muhibbah was incorporated in Malaysia on 4 September 1972 and has been listed on the Main Market of Bursa Malaysia Securities Berhad (“Main Market”) since 1994.

Since its inception, Muhibbah has established a track record of an international engineering construction company playing an integral role as an integrated solutions provider in related fields such as offshore and onshore platforms, marine facilities, dams, ports, bridges, jetties, petrochemical facilities, offshore steel fabrication structures, highways, industrial infrastructure construction, crane manufacturing, shipbuilding, ship repair, airport construction, airport operations and airport development in both local and global markets.

Muhibbah owns a majority interest in a Bursa Malaysia Main Market listed crane manufacturing company, Favelle Favco Berhad (“Favelle Favco”), which provides one-stop solutions as a manufacturer of specialised offshore oil and gas (“O&G”) pedestal cranes as well as tower cranes for the global markets.

Favco also has 70% equity interest in an Intelligent Automation Group which provide design, engineering and maintenance services for automation solutions, process analysers and specialized equipment.

Our Cambodia Airports Division has a Build-Operate-Transfer concession for the development and management of Cambodia’s international airports (“Cambodia Airports”).

Muhibbah has a wholly-owned shipyard, Muhibbah Marine Engineering Sdn Bhd, located at Telok Gong, Port Klang for shipbuilding and ship repair business activities. Muhibbah also has a wholly-owned steel fabrication yard, Muhibbah Steel Industries Sdn Bhd to carry out offshore and onshore platform works, petrochemical facilities and decommissioning of platform works.

## Mission and Strategies

The Group’s long term vision is not only to be in concessions as owner and operator but also as an infrastructure and O&G construction and manufacturing solutions provider. Such vision also includes being a heavy-lifting crane manufacturer and an automation service provider for the global O&G and commercial industries.

Our long term strategy is to continue building the right mix of diversified businesses to complement and provide synergistic growth in the Group as the market evolves.

## Market Overview in 2024

Based on the International Monetary Fund (“IMF”)’s World Economic Outlook Update January 2025, global Gross Domestic Product (“GDP”) growth is estimated at 3.2% in 2024 (2023: 3.3%).

The Malaysian economy showed encouraging resilience in 2024, outperforming global growth amid persistent geopolitical tensions and economic uncertainties worldwide. Malaysia’s economy grew steadily with a GDP growth of 5.1% in 2024 supported by domestic, investment activities, and household spending, surpassing 3.6% GDP growth in 2023.

## Review of Financial Results and Operating Activities

Muhibbah Group’s revenue surged 54.9% year-on-year to RM1.94 billion for the financial period ended 31 December 2024 (2023: RM1.25 billion), with its net profit (after tax) rising by 293.9% to RM143.42 million for the financial period ended 31 December 2024 (2023: RM36.41 million). The Group’s robust performance in 2024 was driven by stronger revenue contributions across all our core business divisions, mainly from Concession division, Construction and Engineering division, Cranes and Intelligent Automation divisions.

## Key Financial Highlights

- Group’s revenue which includes revenue of associates and joint venture projects was RM2.4 billion (2023: RM1.6 billion)

## Management Discussion and Analysis (*cont'd*)

### Review of Core Business Operations Performance and Outlook

Review of the performance and outlook of each division of the Group for the financial year ended 31 December 2024 and the future prospects of the Group are as follows:

#### Concessions Division

Cambodia Airports recorded 4.84 million passengers in 2024, a 20% increase from 4.03 million in 2023, driven by strong market recovery. Passenger traffic from South Korea, Vietnam, Singapore, and Thailand exceeded 2019 levels, whilst passengers travel from Qatar, Taiwan and Malaysia continued to grow.

The significant increase in revenue was underscored by both rising demand for air travel to Cambodia and increase in airport passenger service charges implemented during 2024.

On 27 March 2025, Société Concessionnaire de l'Aéroport ("SCA") an associate of the Company signed a settlement agreement with the Royal Government of Cambodia for the compensation for SCA's investments in Phnom Penh International Airport ("PPIA"). The settlement amount is USD140 million, of which USD56.12 million was received by SCA in March 2025.

On the same day, SCA also entered into a Management Service Agreement ("MSA") with Cambodia Airport Investment Co. Ltd to manage and operate the new Techo International Airport ("TIA") for a duration of 15 years.

#### Construction and Engineering Division

The increase in revenue of our Construction and Engineering Division was achieved through certification of

ongoing works of several key projects. We continue improving our project management and timely execution, and reinforcing cost and quality control.

Our ongoing offshore platform projects are Provision of Procurement, Construction and Commissioning ("PCC") of Module 9 and pipelines for Integrated Bekok Oil Project, Offshore Terengganu, Provision of Engineering, Procurement, Construction and Commissioning ("EPCC") for Duyong Brownfield Modification and Host Tie-In for the Gansar Project (Petronas Carigali Sdn Bhd) and Provision of EPCC of Bindu A (Jacket and Topside) - Package 1 (ExxonMobil Exploration & Production Malaysia Inc).

Ongoing infrastructure and construction projects are Construction and Completion of Onshore Infrastructure and Offshore Facilities inclusive of Main Open Type Wharf for Lumut Maritime Terminal Expansion (Phase 2A), development of office, factory and parking building at Technoplex Industrial Area, Penang (Penang Development Corporation), Student Accommodation and Student Centre (Universiti Teknologi Petronas) and Noise Barrier Enclosure Package (W) for the Light Rail Transit ("LRT") Line 3 from Bandar Utama to Johan Setia.

Through wholly-owned subsidiaries, namely Citech Energy Recovery Solutions Malaysia Sdn Bhd and Citech Energy Recovery Solutions (UK) Ltd ("Citech Group"), operating in Malaysia and the UK, we have established ourselves as a leading thermal energy recovery solutions provider through our proprietary CiBAS technology, an innovative system designed for efficient waste heat capture and utilisation. This will continue to help us to capitalize on opportunities in the rapidly evolving energy sector transitions and position ourselves at the forefront of upholding sustainability practices and initiatives.

We continue to help clients reduce, recover and recycle the wasted heat as clean energy by integrating thermal engineering solutions for offshore O&G platforms, Floating Production, Storage and Offloading (“FPSO”) vessels and various other industrial operations. Our CiBAS technology solution delivers measurable operational and financial benefits, including reducing waste heat discharged into the environment, lowering operational energy costs by 15% to 25%, enhancing equipment lifespan through optimized thermal management and creating new revenue streams from recovered energy.

The CiBAS’s cutting-edge technology directly addresses the industry’s dual challenge of complying with increasingly stringent emissions regulations while maximizing operational efficiency, and is a crucial advantage as the energy sector transitions towards more sustainable practices.

As at 28 March 2025, the outstanding secured order book for the construction and engineering division stands at approximately RM1.2 billion.

## Management Discussion and Analysis (cont'd)

### Favelle Favco Group Review

We have achieved a record high revenue in the history of Favelle Favco Group of RM901 million for 2024 compared to RM643 million for 2023, representing a 17.78% increase in revenue.

Our crane division posted a revenue of RM643 million whilst our Intelligent Automation Group ("IA Group") posted a record-high revenue of RM258 million and recorded yet another record-high profit.

The revenue was primarily boosted by increased market activity and pricing action we have taken over the years. The profit after tax was challenged by continued cost increases and foreign exchange movements.

Nevertheless, the year was not without its challenges. The O&G sector, which had shown promising recovery in 2023, sputtered again in 2024. Several of our customers delayed or aborted some of their projects resulting in fewer new awards.

Globally, the construction industry saw a slowdown. The existing inventory of cranes remained to meet industry demands.

#### (I) Crane Division

The crane division witnessed a strong recovery with good intake of orders in the last quarter of 2024, restoring confidence in our business outlook and supporting future earnings growth.

A key milestone during the year was the successful delivery of the Kroll K10000, the largest European tower crane in the world. Designing this crane from scratch

using the latest of today's technology was certainly a moment for us to be proud of and reinforces our reputation for engineering excellence.

Another significant breakthrough occurred in Saudi Arabia when we secured our first tower crane order in the country. Notably, our cranes have been chosen for the construction of the Jeddah Tower, which will be the world's tallest building.

To diversify our revenue channels, we initiated the development of a logistics warehouse in Sydney, Australia. This project involves the construction of a 14,000-square-meter warehouse on the idle section of our existing land. This move aligns with our long-term strategy of establishing stable and recurring revenue sources beyond our core crane business.

## (II) Intelligent Automation Group (“IA Group”)

The IA Group continued its strong performance in 2024, capitalizing on new business opportunities in industrial automation, electrical infrastructure, and renewable energy.

Remote operations remained a top priority for oil and gas end users. In response, we have expanded our deployment of Industry 4.0 technologies, including cloud computing, edge analytics, and predictive maintenance. These innovations help reduce operational expenses by optimizing asset performance, reducing downtime, and improving first-time fix rates. Our autonomous remote operation platforms have proven highly effective, enhancing cost efficiency and cybersecurity through a robust defence-in-depth architecture.

One of our key highlights in 2024 is the introduction of the world's first Allen Bradley Power Monitoring System for PETRONAS’s Floating Liquefied Natural Gas (“PFLNG”) applications, ensuring superior power quality and reliability in offshore Liquefied Natural Gas (“LNG”) production facilities.

We added to our electrical infrastructure portfolio by supplying Low Voltage panels, including switchboards, motor control centres, and switch over boxes for a water injection facilities project. This marks another milestone in our growing expertise in power and electrical solutions.

We have strengthened our presence in overseas markets by leveraging partnerships and strategic alliances in industrial automation and energy solutions. Our involvement in the Atlas Copco Group specialized equipment rental business and Swinton Technology metering control systems business supporting the O&G sector has diversified our portfolio, allowing us to provide comprehensive solutions to clients. Expanding into new regions, we have secured contracts and projects that reinforce our expertise in industrial automation, electrical infrastructure, and renewable energy.

We have also expanded our reach by delivering MTE Meter Test Bench and portable MTE PTS Check Meter sets to Sabah Electricity for their first Calibration Laboratory in Sabah. We have also increased our presence in Brunei, all in an effort to broaden our market channels.

Our crane division continued its strong momentum and its growth was supported by a healthy order book of RM676 million in Favelle Favco Group (inclusive of the IA Group of RM120 million) as at 28 March 2025.

## Management Discussion and Analysis (*cont'd*)

### Marine Division

Our shipyard, a wholly-owned subsidiary company, Muhibbah Marine Engineering Sdn Bhd, is located at Telok Gong, Port Klang.

We are one of the few major Malaysian shipbuilders with a long, reputable track record for constructing offshore support vessels (“OSVs”), such as anchor handling tug vessels, supply vessels, crew vessels, work boats and barges. Over the medium to long term, we are poised to benefit from a greater demand in the O&G sector for the construction of new vessels and OSVs.

Despite challenging market conditions during the year, we successfully monetized several OSVs inventories and secured orders for two (2) new Azimuthing Stern Drive (“ASD”) tug boats contributing positively to our financial performance.

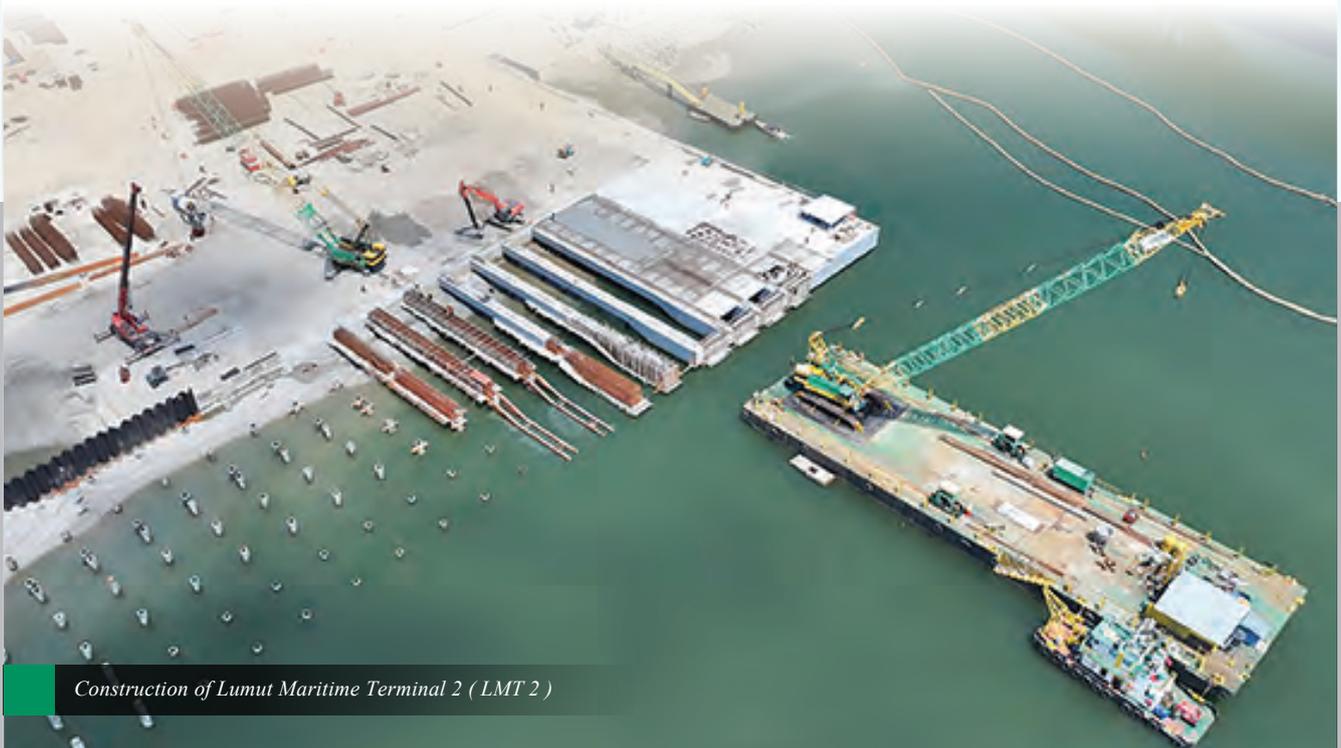

### Corporate Development

A significant milestone was reached in August 2024 with the groundbreaking for our 500 acres Kuantan Maritime Hub (“KMH”) land reclamation project, located next to Kuantan Port, Pahang. This development is strategically positioned to capitalize on increased demand for marine-based services and also to generate economic value to the development of the East Coast Economic Region.

The Group has also increased our shareholdings in Master-Pack Group Berhad (“MPGB”). MPGB is a company listed on the Main Market of Bursa Malaysia Securities Berhad, with over 30 years of experience, specializing in the manufacture of corrugated cartons and wooden packaging, offering comprehensive and innovative packaging solutions to international customers across various industries. These include, amongst others, renewable solar energy, semiconductors, food and beverages, automotive, chemicals, and medical industries. With this, MEB Group holds 31% equity stake in MPGB and MPGB becomes an associated company of MEB Group accordingly. This investment is expected to widen the earning base of MEB Group with an additional stream of recurring income through equity accounting of MPGB financial results and dividend income from MPGB.

### Future Prospects

The IMF’s World Economic Outlook Update January 2025 is projecting a slower global growth at 3.3% in 2025 on the back of increasing risks and uncertainties related to rising trade tensions and protectionism, a possible escalation of geopolitical conflicts, and challenging fiscal policies in some countries.

Construction of Lumut Maritime Terminal 2 (LMT 2)

The global economic landscape remains complicated, with potential headwinds including implementation of new tariff policies by the United States of America under President Trump's administration, ongoing geopolitical conflicts that may disrupt supply chains and impact market sentiment, inflationary pressures affecting material and operational costs, rising electricity tariffs, which could impact our core business operations

The Government and Central Bank of Malaysia forecast the economy will grow between 4.5% and 5.5% in 2025 driven by expansion in investment activity and household spending but subject to risks, including an economic slowdown in major trading partners amid heightening expectations of global trade and investment restrictions, as well as lower-than-expected commodity production.

We will also continue to seek opportunities in the Middle Eastern region, where infrastructure and mega projects continue to drive demand.

The global business landscape is evolving rapidly, Artificial Intelligence ("AI") implementation is really at its infancy. We are keeping a keen eye on all these developments and are exploring and investing in this evolving AI landscape.

The IA Group remains focused on expansion and growing our international footprint in industrial automation and energy solutions.

Despite the challenging environment, I remain confident in our Group's fundamentals and our ability to navigate the complexities ahead. Our diversified business model, proven technical capabilities, and experienced management team position us well to deliver sustainable value to our shareholders.

## Acknowledgement and Appreciation

On behalf of the Board,  
I extend my sincere appreciation to our management team and employees for their dedication and hard work.

We thank our valued customers for your support and continued trust you have placed in us.

I also wish to thank our shareholders, bankers, business associates, subcontractors, suppliers and the various government agencies for their continued trust and support.

Together, we look forward to pursue new opportunities and overcome challenges in the years ahead.

# Corporate Governance Overview Statement

## Introduction

The Board of Directors (“**the Board**”) is committed towards ensuring that good corporate governance (“**CG**”) is observed throughout the Group. Upholding integrity and professionalism in its management of the affairs of the Group, the Board aims to enhance business prosperity and corporate accountability with the ultimate objective of realising long-term shareholders’ value and safeguarding interests of other stakeholders.

This Corporate Governance Overview Statement (“**CG Overview Statement**”) describes how the Group has applied the principles set out in the Malaysian Code on Corporate Governance 2021 (“**MCCG 2021**”) issued by the Securities Commission of Malaysia and except where stated otherwise, its compliance with the recommended practices of the MCCG 2021 for the financial year ended 31 December 2024.

This CG Overview Statement is also prepared in compliance with Paragraph 15.25(1) of the Main Market Listing Requirements (“**MMLR**”) of Bursa Malaysia Securities Berhad (“**Bursa Securities**”) and should be read together with the CG Report of the Company which is published on the Company’s website at [www.muhibbah.com](http://www.muhibbah.com).

The Board is pleased to present this CG Overview Statement to provide an overview of the CG practices adopted by the Company in achieving the intended outcomes as set out in the MCCG 2021 with reference to the following three (3) key principles under the stewardship of the Board:-

- a) Principle A: Board Leadership and Effectiveness;
- b) Principle B: Effective Audit and Risk Management; and
- c) Principle C: Integrity in Corporate Reporting and Meaningful Relationship with Stakeholders.

## PRINCIPLE A: BOARD LEADERSHIP AND EFFECTIVENESS

### I. Board of Directors

#### Duties and Responsibilities of the Board

The Board assumes the following principal roles and responsibilities in discharging its fiduciary and leadership functions:

- Oversee the conduct of the Group’s businesses and financial performance to determine if the business is being properly managed and provide stewardship in monitoring that the businesses are aligned with the Group’s long and short-term objectives and goals;
- Review and adopt strategic plans/directions of the Company and its Group and to monitor the implementation of such plans/directions by the Management;
- Review and adopt financial results of the Company and the Group as well as review the adequacy of financial information disclosure;
- Review the conduct and performance of major projects to determine whether they are properly managed;
- Assess and review principal risks affecting the Group and supervise the implementation of appropriate systems or processes to manage such risks effectively. Details of the processes are set out in the Statement on Risk Management and Internal Control;
- Ensure there is sound framework for internal controls and risk management;
- Review related party transactions;
- Establish and implement succession planning for the Directors and the Group’s key senior management for the purpose of business continuity. This includes ensuring implementation of appropriate systems for recruitment, training and retention;
- Review and adopt corporate strategy, business plans, major investment and financing plans; and
- Review material litigation, Group’s order book, debt collection status, capital expenditure, borrowing and cash statuses.

The Board has delegated specific responsibilities to committees to assist the Board in the effective operation and governance of the Group. The functions and the authority delegated by the Board have been defined in the Terms of Reference of the respective committees. These committees are the Audit Committee, Nominating Committee and Remuneration Committee. In addition, the Board is also assisted by a Risk Management Committee which comprises members of the Board and Senior Management.

### Board Charter

The Board has adopted a Board Charter which sets out the roles and responsibilities of the Board, the division of authority and responsibilities of the Board and Management, terms of reference and composition of Board Committees as well as other administrative policies and procedures in relation to the operation of the Board as a whole.

The Board Charter is available on the Company's website at [www.muhibbah.com](http://www.muhibbah.com).

### Composition and Balance

The Board is well balanced with Executive and Non-Executive Directors. Currently, the Board consists of eight (8) members, comprising four (4) Independent Non-Executive Directors, one (1) Non-Independent Non-Executive Director and three (3) Executive Directors. As such, half of the Board comprises Independent Directors. This present composition complies with Paragraph 15.02 of the MMLR of Bursa Securities and the MCCG 2021.

The Board is a firm believer in promoting Board diversity policy in its membership and strives to maintain the right balance for effective functioning of the Board. The Company Directors are professionals in the fields of construction and engineering, oil and gas, finance and accounting and experienced senior public administrators. Together, they bring a wide range of competencies, capabilities, technical skills and relevant business experience to ensure that the Group continues to be a competitive leader within its diverse industry segments with a strong reputation for technical and professional competence.

The current Board composition and diversity in terms of each of the Director's industry and/or background experience, age, ethnic and gender composition are as follows:-

	INDUSTRY EXPERIENCE & SKILLS			AGE COMPOSITION				ETHNIC COMPOSITION		GENDER	
	CONSTRUCTION, ENGINEERING AND ENERGY/ OIL & GAS	PUBLIC SERVICES	AUDIT, ACCOUNTING, FINANCE & TAX	50 TO 59 YEARS	60 TO 69 YEARS	70 TO 79 YEARS	80 TO 85 YEARS	BUMI-PUTERA	NON BUMI-PUTERA	MALE	FEMALE
DATO' MOHAMAD KAMARUDIN BIN HASSAN		✓	✓		✓			✓		✓	
MAC NGAN BOON@ MAC YIN BOON	✓						✓		✓	✓	
MAC CHUNG JIN	✓			✓					✓	✓	
SHIRLEEN LEE POH KWEE			✓	✓					✓		✓
ENCIK SOBRI BIN ABU	✓	✓				✓		✓		✓

DATO' KHODIJAH BINTI ABDULLAH		✓	✓		✓			✓			✓
MAZLAN BIN ABDUL HAMID	✓				✓			✓		✓	

The Board believes that the current composition and board diversity are appropriate given the nature of the Group's businesses and scale of operations. Profiles of the Directors are presented in this Annual Report.

## Corporate Governance Overview Statement (*cont'd*)

The Executive Directors are generally responsible for making and implementing operational decisions whilst the Non-Executive Directors support the skills and experience of the Executive Directors, contributing to the formulation of policy and decision-making with their knowledge and experience in other business sectors.

A Senior Independent Non-Executive Director of the Company leads the Board, to whom concerns of the Group may be conveyed. The Chairman manages the Board's effectiveness by focusing on strategy, governance and compliance.

### Division of roles and responsibilities between Chairman and Managing Director

The Board subscribes to the principle that clear division of responsibilities between the Chairman of the Board and the Managing Director is beneficial to facilitate a check and balance mechanism for the effective functioning of the Board. The Chairman of the Board, Dato' Mohamad Kamarudin bin Hassan who is a Senior Independent Non-Executive Director leads the Board in overseeing the management while Mr Mac Ngan Boon @ Mac Yin Boon as the Group Managing Director focuses on the business and the day-to-day management of the Group. Such separation of roles and positions promotes accountability and ensures that there is a balance of power and authority in the Board's overseeing the management of the Company.

### Company Secretaries

The Board is supported by the Company Secretaries who are qualified under the Companies Act 2016. The Company Secretaries advise the Board on CG related matters and ensure the Board adheres to the relevant rules and regulatory requirements as well as the Board's policies and procedures.

The appointment of the Company Secretary is based on the capability and proficiency determined by the Board. The Company Secretaries are responsible for ensuring that the secretarial function provides adequate support to the Board and the Board committees. The Company Secretaries are accessible at all times to provide the Directors with the appropriate advice and services and also to ensure that the relevant procedures, policies and all applicable rules and regulations are complied with. As permitted by the Constitution of the Company, the removal of the Company Secretary is a matter for the Board as a whole.

### Board Meetings

Board meetings are held at regular intervals with additional meetings convened as and when necessary. Board meetings for each financial year are scheduled before the end of the previous financial year so as to enable the Directors to plan their schedules accordingly. During the financial year under review, the Board met four (4) times to review the Group's operations, review and approve the quarterly financial results, annual financial statements and the relevant operational strategic matters requiring the Board's approval. The Company Secretary records in the minutes of Board meetings all the deliberations, particularly the issues discussed in reaching that decision. Directors have complied with the minimum requirement of 50% attendance at Board meetings as stipulated in the MMLR of Bursa Securities.

Details of the Directors' attendance at the Board meetings held during the financial year under review are as follows:

Names of Directors	Attendance at Meetings in 2024
Dato' Mohamad Kamarudin bin Hassan	4/4
Mac Ngan Boon @ Mac Yin Boon	4/4
Sobri bin Abu	4/4
Mac Chung Jin	4/4
Shirleen Lee Poh Kwee	4/4
Mazlan bin Abdul Hamid	4/4
Dato' Sri Khazali bin Haji Ahmad	4/4
Dato' Khodijah binti Abdullah	4/4

All Board members are required to declare their respective directorships in other companies to the Board and are expected to devote sufficient time and attention to carry out their roles and responsibilities as Directors. The Board is of the opinion the requirements under the Companies Act 2016 and MMLR of Bursa Securities are sufficient to ensure adequate commitment by the Directors to perform their duties, including devoting sufficient time to the Company without it being formally regulated. This is evidenced by the Directors' attendance at Board meetings as shown above. Schedule for the Company's Board meeting was formulated and shared with the Directors prior to the beginning of each financial year to ensure the Directors' commitment.

### **Access to Information and Advice**

Due notice is given to the Directors prior to each Board and Board Committee meeting. All Directors are provided with the agenda and Board papers which include minutes of meetings, details of operational, financial, safety and corporate developments and other relevant documents prior to each Board meeting so as to enable the Directors to make well-informed decisions on matters arising at the meetings. It is the primary responsibility of the Chairman of the Board to organise such information necessary for the Board to deal with the agenda and the Board adopts a formal schedule of matters specifically referred to it for decision.

Furthermore, the Board is regularly kept updated and informed of any regulations and guidelines as well as amendments thereto issued by regulators, particularly the effects of such new and amended regulations and guidelines on directors specifically, and the Company and the Group generally.

In addition, the Directors have authority to access all information within the Company in furtherance of their duties as well as to seek the advice and services of the Company's senior management. They are also empowered to seek external independent professional advice in connection with their role as Directors at the Company's expense so as to enable them to make well-informed decisions.

### **Code of Conduct**

The Board is committed to ensuring that all its business activities operate within the good standards of business ethics and integrity as summarised in the Company's code on business practices, which are applicable Group-wide. The key principles of the Company's code on business practices include avoiding conflict of interest situations, insider trading, unethical practices, exercising caution and due care in safeguarding the Company's assets and confidential information.

The Code of Ethics and Business Practice and Conduct is available on the Company's website at [www.muhibbah.com](http://www.muhibbah.com).

### **Anti-Bribery and Corruption Policy**

In line with the requirements of the Guidelines on Adequate Procedures issued pursuant to Section 17A of the Malaysian Anti-Corruption Commission (Amendment) Act 2018 which came into effect on 1 June 2020, the Board has adopted the Group's Anti-Bribery and Corruption Policy which sets out information and practical guidelines to all Directors and employees of the Group in relation to the Group's core values and expectations, as well as the policies and procedures in dealing with bribery and corruption matters.

The Board is committed to ensuring that the policies and procedures are reviewed periodically to assess their effectiveness, and in any event, at least once every three (3) years.

The Anti-Bribery and Corruption Policy is available on the Company's website at [www.muhibbah.com](http://www.muhibbah.com).

### **Whistleblower Policy**

The Group's Whistleblower Policy provides avenues for employees and stakeholders of the Group to raise legitimate concerns relating to potential breaches of business conduct, non-compliance with legal and regulatory requirements as well as other malpractices.

The Whistleblower Policy is available on the Company's website at [www.muhibbah.com](http://www.muhibbah.com).

## Corporate Governance Overview Statement (*cont'd*)

### Sustainability

The Board views the commitment to sustainability and environment, social and governance performance as part of its broader responsibility to clients, shareholders, workplace and the communities in which the Group operates. Every business decision that the Group makes pertaining to growth and profitability is consistent with its social and environmental needs for sustainability. The corporate responsibility initiatives undertaken by the Company for the financial year ended 31 December 2024 are disclosed in the Sustainability Statement of this Annual Report.

## II. Board Committees

The following committees have been established to assist the Board to discharge its duties and responsibilities. The Board has delegated certain powers and duties to these committees, which operate within the defined Terms of Reference. The final decision on all matters, however, lies with the entire Board. During the Board meetings, the Chairman of the various Board committees will present the respective committee's recommendations and seek Board approval, where appropriate.

Although the Board Chairman neither a member nor Chairman of the Audit Committee, Nominating Committee and Remuneration Committee, no single director can influence decision making and policies of the Board Committee and Board. The decision-making process of the Board Committee is collectively made in accordance with Terms of References of each committee. The unanimous decisions made by the respective committees are tabled to the Board by the Chairman of the various Board committees for further deliberations before decisions are made by the Board.

### a) Audit Committee

The present members of the Audit Committee are as follows:

Names of Committee Members	Designation
Sobri bin Abu	Chairman (Independent Non-Executive Director)
Dato' Sri Khazali bin Haji Ahmad	Member (Independent Non-Executive Director)
Dato' Khodijah binti Abdullah	Member (Independent Non-Executive Director)

The principal objective of the Audit Committee is to assist the Board in carrying out its statutory duties and responsibilities relating to the accounting and reporting practices of the Group. This includes reviewing the quarterly financial results to be disclosed, the scope of works and management letter of the external auditors as well as undertaking any such other functions as may be determined by the Board from time to time.

The Audit Committee consists exclusively of Independent Non-Executive Directors. The Audit Committee met four (4) times during the year.

A report detailing the membership, attendance, roles, and activities of the Audit Committee is presented in the Audit Committee Report of this Annual Report.

**b) Nominating Committee**

The present members of the Nominating Committee are as follows:

Names of Committee Members	Designation
Dato' Sri Khazali bin Haji Ahmad	Chairman (Independent Non-Executive Director)
Sobri bin Abu	Member (Independent Non-Executive Director)
Dato' Khodijah binti Abdullah	Member (Independent Non-Executive Director)

The Nominating Committee met once during the financial year 2024. In accordance with its Terms of Reference, the Nominating Committee reviewed the Board structure, size and composition in the Board to ensure that the Board has the appropriate mix of skills, experience and other core competencies in fulfilling the relevant requirements or guidelines of Bursa Securities.

The Nominating Committee had carried out the following key activities during the financial year under review in discharging its duties:-

- Reviewed and assessed the independence and performance of each Independent Director in bringing independent and objective judgement for Board's deliberation. All assessments and evaluations carried out by the Nominating Committee are properly documented whereby the Nominating Committee was satisfied by the level of independence demonstrated and performance of all the Independent Directors;
- Reviewed the existing balance, size, composition, mix of skills, diversity (including gender, ethnicity and age diversity) and effectiveness of the Board and its committees as whole, the performance of individual Directors and Audit Committee members through an evaluation survey questionnaire known as Board and Board Committees Assessment Questionnaire. The duly completed questionnaire was compiled and used as guidance for the recommendation of appropriate actions for further improvement; and
- Identified and recommended to the Board, the Directors who were due for retirement by rotation subject to re-election at the forthcoming Annual General Meeting.

The Nominating Committee's Terms of Reference are available on the Company's website at [www.muhibbah.com](http://www.muhibbah.com).

**c) Remuneration Committee**

The present members of the Remuneration Committee are as follows:

Names of Committee Members	Designation
Dato' Sri Khazali bin Haji Ahmad	Chairman (Independent Non-Executive Director)
Sobri bin Abu	Member (Independent Non-Executive Director)
Dato' Khodijah binti Abdullah	Member (Independent Non-Executive Director)

## Corporate Governance Overview Statement (*cont'd*)

The Remuneration Committee met once during the financial year 2024. In accordance with its Terms of Reference, the Remuneration Committee reviewed the remuneration packages of the Executive Directors in accordance with their performance, contribution and level of responsibilities undertaken for the Board and benchmarked against other companies in similar industries to ensure that the Company's remuneration packages remain competitive to attract and retain high calibre executives to run the Company successfully. Directors do not participate in deliberations and decisions on their own remuneration.

Although the Group does not have written remuneration policies, remuneration comparison for similar positions with other Malaysian public listed companies operating in similar industries is performed on an annual basis so as to ensure that the remuneration packages of the Directors remain competitive with the market and is reflective of their respective duties and responsibilities.

The Remuneration Committee's Terms of Reference are available on the Company's website at [www.muhibbah.com](http://www.muhibbah.com).

### III. Board Evaluation

The process of assessing Directors is an ongoing responsibility of the entire Board. For the financial year under review, the Board assisted by the Nominating Committee, reviewed the skills and experience of the individual Directors and assessed the effectiveness of the Board as a whole.

The Board was satisfied with the performance and effectiveness of the Board and Board Committees who have discharged their duties and responsibilities effectively. The Board evaluation criteria were reviewed by the Nominating Committee during the financial year.

The Board evaluation comprises Board and Board Committees assessments as well as an assessment on the independence of Independent Directors and the contribution of each individual Director which are conducted on an annual basis. The evaluation process which is led by the Nominating Committee and supported by the Company Secretary, involves the individual Directors and committee members completing a set of evaluation questionnaires on a yearly basis regarding the processes of the Board and its committees, their effectiveness and where improvements could be considered by the Company. Based on the outcome of evaluations, the Nominating Committee shall recommend to the Board the areas requiring continuous improvement and form a basis for recommending the directors due for re-election.

The criteria for assessing the independence of an Independent Director include assessing their respective relationship with the Group and their involvement in any significant transaction with the Group. The Board also undertook a self-assessment in which they assessed their own performance.

### IV. Appointment, Re-appointment and Re-election of Directors

In accordance with the Company's Constitution, one-third (1/3) of the Directors (including the Managing Director) shall retire from office and be eligible for re-election at each Annual General Meeting and all Directors shall retire from office at least once in every three (3) years but shall be eligible for re-election. Directors appointed during the year will be subject to retirement and re-election by shareholders at the Annual General Meeting.

The Board believes that diversity in the Board's composition will bring value to Board deliberation. The Board recognises the benefit of diversity in gender and hence gender had been inherently considered in the recruitment and appointment of Directors. The Board has two (2) women Directors and the Board is comfortable with its current composition. Nevertheless, to ensure effective appointment of female Directors, the Board does not set any specific target for female Directors but continue to work actively towards having more female Directors on the Board, all things being equal.

### V. Reinforcement of Independence

The Board acknowledges the importance of Independent Non-Executive Directors in bringing objectivity and impartiality in providing unbiased opinion and judgment to ensure that the interests of the Group, shareholders, customers and other stakeholders are taken into account during its decision making process. The Board consists of four (4) Independent Directors who were neither involved in the business transactions nor participated in the day-to-day management of the Group.

The Independent Directors satisfy the definition set out in the MMLR of Bursa Securities. The Company meets the requirement prescribed by the MMLR of Bursa Securities to have at least one-third (1/3) of its Board members being Independent Directors and the MCCG 2021 recommendation to have at least half of the Board comprising Independent Directors.

Each Independent Director is responsible to notify the Board of any changes to the circumstances or development of any new interest or relationship that would affect their independence as an Independent Director of the Company.

Currently, there is one (1) Board member, Encik Sobri bin Abu who will have served twelve (12) years by the forthcoming 52nd AGM. He will step down at the 52nd AGM.

The Board takes cognisance of Practice 5.3 of the MCCG 2021 that the tenure of an Independent Director should not exceed a cumulative term limit of nine (9) years. The Board is of the view that the ability of long serving Independent Directors to remain independent and to discharge their duties with integrity and competency should not be measured solely by tenure of service or any pre-determined age. Nevertheless, the Board will seek annual shareholders' approval through a two-tier voting process to retain Independent Director who served on the Board for more than nine (9) years.

The Board continues to strike an appropriate balance between tenure of service and continuity of experience of the Board. However, such change will take some time in order to maintain stability to the Board. Furthermore, the Company acknowledged the benefits from the Independent Directors who have, over time, gained invaluable insights into the Group, its market and the industry.

## VI. Directors' Training

The Board is cognisant of the value add that the Directors can bring when they are kept up to date with the industry and regulatory development. All the Directors have attended and successfully completed the Mandatory Accreditation Programme as prescribed by Bursa Securities. During the financial year, seminars and training programmes attended include topics relating to corporate governance, risk management, corporate strategy, finance, taxation and new legislations. Training for Directors will be provided continuously so as to ensure that they are kept abreast with the latest developments in relevant laws, regulations and business practices and to enable them to discharge their duties effectively.

An induction briefing is provided by the Board and Senior Management to any newly appointed Independent Non-Executive Directors to provide them with in-depth knowledge of the Group's businesses and strategies.

The seminars, training programmes, conferences and forums attended by the Directors during the financial year under review include the following:-

## PRINCIPLE B: EFFECTIVE AUDIT AND RISK MANAGEMENT

### I. Audit Committee

The Audit Committee ("AC") comprises three (3) members who are Independent Non-Executive Directors and is chaired by Encik Sobri bin Abu. All members of the AC possess the required skills and experiences to discharge their duties and responsibilities effectively. None of the members were former key audit partner for the Company or the Group in the past three (3) years.

Further details of the AC and its activities are set out in the Audit Committee Report of this Annual Report.

### II. Relationship with the Auditors

Through the AC, the Group has established a transparent and appropriate relationship with the Group's auditors, both internal and external. The internal auditors report directly to the AC and details of their activities are provided in the Audit Committee Report. Both the internal and external auditors are invited to attend the AC meetings to facilitate the exchange of views on issues requiring attention. The external auditors are also invited to attend meetings on special matters, when necessary. In addition, the AC also meets the external auditors, without the presence of Executive Board members and Management, at least twice a year.

The external auditors have declared that they are independent and do not have any conflict of interest to carry out the audits and provision of non-audit services to the Group.

### III. Internal Audit Function

Details of the Internal Audit Function and activities are set out in the Audit Committee Report of this Annual Report.

#### IV. Recurrent Related Party Transactions

The Board, through the AC, reviews the recurrent related party transactions.

All recurrent related party transactions entered into by the Group were made in the ordinary course of business and in accordance with the approved shareholders' mandate for recurrent related party transactions.

#### V. Risk Management Framework and Internal Control

The Group's Statement on Risk Management and Internal Control presented in this Annual Report provides an overview of the risk management framework and state of internal control within the Group.

#### PRINCIPLE C:

#### INTEGRITY IN CORPORATE REPORTING AND MEANINGFUL RELATIONSHIP WITH STAKEHOLDERS

##### I. Corporate Disclosure Policy

The Company is committed to ensuring that all information such as corporate announcements, circulars to shareholders and financial results are disseminated to the general public in a timely and accurate manner.

The Company releases all announcements, material and price sensitive information in a timely manner to Bursa Securities as required under the MMLR of Bursa Securities as well as releases the Company's updates to the market and community through the Company's website, media releases and other appropriate channels.

The Executive Directors evaluate the release of all major communications to investors or Bursa Securities.

##### II. Communication with Investors and Shareholders

The Board recognises the importance of maintaining effective communication with its investors and shareholders. An Investor Relations and Shareholder Communication Policy has been adopted by the Board to enable the Group and the Company to communicate effectively with its shareholders, existing and potential investors, other stakeholders and the public in general. An Investor Relations function has been established to facilitate communication between the Company and its existing shareholders and potential investors.

The Investor Relations function communicates with the shareholders and investors through periodic roadshows and investors briefing both locally and abroad, with fund managers, institutional investors and research analysts. Information such as the Group's performance, strategy and major development are presented and explained during these investor briefings.

Apart from the mandatory announcements of the Group's financial results and corporate developments to Bursa Securities, the Group maintains a website ([www.muhibbah.com](http://www.muhibbah.com)) that allows all shareholders to gain access to information, business activities and recent developments of the Group and for feedback.

##### III. Annual General Meeting

The Company had hosted its fourth fully virtual Annual General Meeting ("AGM") on 12 June 2024. The AGM is an important forum and primary channel where communications with shareholders can be effectively conducted. Shareholders are encouraged to attend and participate at the meeting by raising questions on resolutions proposed and to enquire on the Company's progress and performance. Shareholders who are unable to attend the AGM are allowed to appoint proxy/proxies to attend, participate, speak and vote on their behalf. In line with good CG practices, the notice of the AGM was circulated at least 28 days before the date of AGM to enable shareholders to make the necessary arrangements to attend and make informed voting decisions at the AGM.

The Chairman and Directors were in attendance to respond to shareholders' queries during the meeting. External auditors were also invited to attend the AGM to provide independent clarification on issues relating to the conduct of the audit and Auditors' Report, if any.

## Corporate Governance Overview Statement (*cont'd*)

The AGM utilised technology and virtual platforms, that allowed the participation of shareholders at the AGM, to pose questions and to receive responses to the questions been submitted prior to convening of AGM or real time submission during the AGM via the online platform provided by the Company's Share Registrar. The Company had posted the Minutes of General Meeting detailing the question and answer session at the corporate website in accordance with Practice 13.6 of MCCG 2021.

In accordance with the MMLR of Bursa Securities, voting at the AGM shall be conducted by poll. All shareholders shall be briefed on the voting procedures by the poll administrator prior to the poll voting and the appointed independent scrutineer shall validate the votes cast and announce the poll results.

Pursuant to the latest directive issued by the Securities Commission Malaysia and Bursa Malaysia, all general meetings of public listed companies must be conducted either as physical or hybrid meetings effective 1 March 2025. Accordingly, the forthcoming 52nd AGM, scheduled to be held on 26 June 2025, will be conducted on a fully physical basis.

### Compliance Statement

The Company has complied to a substantial extent, with the principles set out in the MCCG 2021 and the relevant requirements of the MMLR of Bursa Securities on CG to the extent as set out above throughout the financial year ended 31 December 2024.

This CG Overview Statement was approved by the Board on 28 March 2025.

# Audit Committee Report

The Board of Directors (“the Board”) of Muhibbah Engineering (M) Bhd is pleased to present the Audit Committee Report for the financial year ended 31 December 2024.

## Composition and Attendance

During the financial year under review, the Audit Committee (“AC”) held four (4) meetings. The members of the AC and the record of their attendance at the AC Meetings held during the financial year ended 31 December 2024 are as follows:

Name of Committee Members	Designation	No of Committee Meetings Attended
Sobri bin Abu	Chairman <i>(Independent Non-Executive Director)</i>	4/4
Dato’ Sri Khazali bin Haji Ahmad	Member <i>(Independent Non-Executive Director)</i>	4/4
Dato’ Khodijah binti Abdullah	Member <i>(Independent Non-Executive Director)</i>	4/4

Issues discussed and deliberated during the four (4) AC meetings were recorded in the minutes of each meeting by the Company Secretary. Any matters of significant concern raised by the internal and external auditors were conveyed by the AC Chairman to the Board.

The Executive Directors, the Group’s Finance Director and the Group’s Head of Internal Audit attended all AC meetings by invitation. Representatives of the External Auditors and the Group’s Head of Legal and Contracts also attended the meetings upon invitation by the Chairman of the AC.

## Summary of Activities in 2024

The AC carried out its duties in accordance with its Terms of Reference. The main work and activities undertaken by the AC are as follows:

### (i) Financial Reporting and External Audit

- Reviewed the announcements of quarterly financial results as well as the year-end financial statements of the Group prior to recommending to the Board of Directors for consideration and approval. The AC deliberated on amongst others, status updates on litigation and dispute matters and also material outstanding matters, secured order book, current year prospects, budgeted revenue, profitability and cash position;
- Reviewed the overall assessment of the external auditor’s performance and independence for the financial period ended 31 December 2024. Messrs Crowe Malaysia PLT has been the Company’s external auditor since 2010 and was recommended for re-appointment for the ensuing year. The financial period ended 31 December 2024 marked the seventh year for the engagement partner;
- Reviewed and approved the external auditors’ audit plan for the financial year ended 31 December 2024 inclusive of the terms of engagement and scope of work at its meeting held on 28 November 2024;
- Reviewed the results of the annual audit for the Group with the external auditors and considered the major audit findings and the Management’s response thereto; and
- Convened two (2) separate meeting sessions with the external auditors without the presence of the Executive Directors and Management on 27 February 2024 and 28 November 2024 to discuss relevant issues and obtain feedback.

## Audit Committee Report (*cont'd*)

### (ii) *Internal Audit*

- Reviewed the Group Internal Audit Department (“GIAD”)’s annual internal audit plan to ensure that principal risks, key entities and functions were adequately identified and addressed; the AC approved the annual internal audit plan at its meeting on 28 November 2024;
- Reviewed the recurrent related party transactions review report;
- Reviewed the internal audit reports and specific review reports presented by the Internal Auditors, which comprised audit findings, internal auditors’ recommendations and Management’s committed action plans. Where appropriate, the AC has directed the Management to improve internal controls based on the audit findings and recommendations;
- Reviewed the results of follow-up audits performed by the Internal Auditors to monitor the status of Management’s implementation of the committed action plans; and
- Evaluated the performance of GIAD’s function and was satisfied with regard to the adequacy of scope and competency.

(iii) *Reviewed the recurrent related party transactions that arose within the Group on a quarterly basis to ensure that the amounts transacted were within the mandate approved by the shareholders.*

(iv) *Reviewed the Circular to Shareholders in relation to the Proposed Renewal of Existing Shareholders’ Mandate and Proposed New Shareholders’ Mandate for Recurrent Related Party Transactions of a Revenue or Trading Nature for the Board’s approval.*

(v) *Reviewed major business issues/risks of projects in the Group as well as material litigation affecting the Group.*

(vi) *Reviewed and monitored all conflict of interest (“COI”) situations within the Group. The COI review was extended to encompass Directors and Key Senior Management within the Group. Enhanced disclosure in connection with any COI or potential COI will be included in the Annual Report of the Company for the year ending 31 December 2025.*

(vii) *Reviewed and approved the revised Audit Committee Terms of Reference.*

(viii) *Reviewed the Company’s dividend proposal and recommended the same to the Board for approval.*

## Internal Audit Function

GIAD is an in-house function that carries out its activities in accordance with the Internal Audit Charter approved by AC, which defines the scope, authority, roles and responsibilities of the internal audit function. The Head of GIAD reports directly to the AC.

GIAD is headed by Ms. Ng Soo How, Josephine, who is a member of the Institute of Internal Auditors Malaysia. She has regular and direct communication with the AC and unrestricted access to the Executive Directors. She is supported by two (2) auditors who have university degrees. All the internal auditors have provided written assurance confirming their compliance with the code of conduct of the Group that they are free from any form of conflicts of interest that could impair their objectivity during the course of their audit works.

### Internal Audit Function (cont'd)

Based on the internal audit plan approved by the AC, GIAD performs an independent assessment of the adequacy and effectiveness of the Group's system of internal control, risk management and governance processes. GIAD is guided by the International Professional Practice Framework (IPPF) in their works and performs audit reviews through a risk-based approach, in line with the Group's objectives and policies and taking into consideration input from the Senior Management and the Board. For the financial year ended 31 December 2024, the scope of the review included the following:

- Human Resources and Administration Management
- Project Variation Orders
- Recurrent Related Party Transactions (RRPT)
- Project Management (2 different Projects)

Findings of the above five (5) internal audit reviews were discussed with the Senior Management and the relevant Management of departments or divisions and reported to the AC for their deliberation where the reports included recommendations and mitigation action plans established by the Management to mitigate the issues of concern within the time frame specified. Actions taken by the audited operating units were followed up on by GIAD, and were reported to the AC.

In addition, GIAD carried out the following:

- Facilitated Risk Management Committee meetings and Risk Management Unit meetings for the various business units without compromising its independence.
- Participated in Key Management meetings to keep abreast of the evolution of the risks pertaining to the business environment.
- Reviewed the Statement on Risk Management and Internal Control for the Company's 2024 Annual Report.
- Provided internal audit services and facilitated risk management meetings for the listed subsidiary i.e. Favelle Favco Berhad.

The total cost incurred by GIAD for the financial year ended 31 December 2024 was approximately RM419,000.

### Terms of Reference

The Terms of Reference of the AC was last reviewed on 31 July 2023 and there were amendments made to the Terms of Reference in line with the Main Market Listing Requirements. The AC Terms of Reference is made available on the Company's corporate website at [www.muhibbah.com](http://www.muhibbah.com).

# Statement on Risk Management and Internal Control

## Introduction

The Board of Directors (“the Board”) of Muhibbah Engineering (M) Berhad is pleased to include this Statement as required by paragraph 15.26(b) of the Main Market Listing Requirements (“MMLR”) of Bursa Malaysia Securities Berhad (“Bursa Securities”) and as guided by the Statement on Risk Management and Internal Control: Guidelines for Directors of Listed Issuers.

## Board’s Responsibilities

The Board, in upholding the principles of corporate governance, is committed to maintaining a sound system of risk management and internal control (“the System”) to safeguard the shareholders’ interests and the Group’s assets. The Board, however, recognised that due to inherent limitations in any system, such system established by the Management can only provide reasonable and not absolute assurance against the risk of material error, misstatement or loss, hence does not eliminate the risk of not achieving the Group’s business objectives.

## Risk Management

In line with good practice of closely monitoring the Group’s risk exposure, a Risk Management Committee (“RMC”) with its principal roles and responsibilities stated in the risk management policy and the procedure was formed at the Group level. The RMC is chaired by the Deputy Chief Executive Officer and comprises the Group’s Finance Director and members from Key Management to assist the Board in identifying the key strategic and business risks, monitor and review the Group’s risk profile on a half-yearly basis. The outcome of the RMC meeting is reported to the Board by the RMC Chairman.

The RMC is supported by Risk Management Units (“RMUs”) set up at the respective business units comprising senior management staff and the relevant Heads of Department. The risk management reviews at RMU within each business unit are performed on a half-yearly basis to assess and update the risk profiles, mitigation action and its effectiveness as well as the risk matrix before submission to the RMC.

The RMC and RMUs are established with the aim of providing a continuing and consistent approach in identifying and assessing risks as well as facilitating the review of the adequacy of risk management processes in addressing the ever- evolving risks. Such a risk management process has been in place for the financial year and up to the date of approval of this Statement.

## Key Elements of Internal Control

- *Organisation Structure and Authorisation Procedures*

The Group maintains a formal organisational structure with clear lines of reporting that define accountabilities and delegation of responsibilities. The roles and responsibilities that are set out comprise review and approval procedures to uphold the internal control system of the Group’s various business units.

- *Vision and Mission*

The Management has established a vision and mission statement to provide direction to employees toward achieving the goals and objectives of the Group.

- *Authority Limits*

The authority limits for corporate and project levels provide clear delegations of authority. Wherever possible, such authority limits are embedded in the Enterprise Resource Planning System.

- *Code of Conduct, Whistle-Blower Policy and Anti-Bribery and Corruption Policy*

The Group has set up a Code of Conduct, a Whistle-Blower Policy and an Anti-Bribery and Corruption Policy to foster a culture of accountability and integrity. These also serve as a guide to shape the acceptable behaviour of the employees.

- *Group Policies and Procedures*

Standard operating procedures for key business processes had been established to govern the Group's various business operations. Certain subsidiaries within the Group are ISO 9001:2015, ISO/TS 29001:2020 and ISO 30000:2009 accredited. The Corporate Quality Assurance/Quality Control ("QA/QC") Department conducts quarterly Internal Quality Audits to ensure that the operational processes are in accordance with the quality procedures. Apart from in-house quality audits, there were scheduled audits conducted by external auditors from the relevant certification bodies.

- *Centralised Function at the Head Office Level*

Key functions such as business development, human resources, finance, tax, corporate, legal and contracts matters are centralised at the head office.

- *Periodic Management Review of Project Performance*

The Group has established a process to review the performance of selected projects periodically. The project teams meet to examine their progress and performance and also to highlight and explain any significant variances against the project budget and plan to the Senior Management. In addition, management reports are prepared and tabled to the Senior Management for their review and deliberation in the periodic meetings attended by the Project Management Team, Division Heads and Executive Directors.

- *Quality Assurance / Quality Control*

The Corporate QA/QC Department focuses on Quality Assurance of the construction and fabrication works of the Group. A team of Quality Control Inspectors is posted at various project sites and fabrication yards where they carry out quality control activities at sites/yards to ensure that the work performance complies with the quality specifications

- *Safety, Health and Environment*

In addition to the site safety audits, the Health, Safety and Environment Department ("HSE") has been conducting continuous programs including induction and training to ensure safety awareness amongst the staff. HSE also conducts periodic audits and inspections to confirm that the operational processes and implementation conform to the ISO 45001:2018 Occupational Health and Safety Management and the ISO 14001:2015 Environmental Management Systems. As part of the requirements of both certifications, external auditors from the relevant certification bodies will conduct a yearly surveillance audit and a triennial recertification audit.

- *External Audit*

If the external auditors detect any internal control weakness during their audit, they will highlight such weakness in the Audit Review Memorandum to the Audit Committee ("AC") for their attention.

The Group's system of internal control does not apply to Associate Companies and Jointly Controlled Entities where the Group does not have full management control over these entities. However, the Group's interest is served through representations on the Board of the respective associate companies and jointly controlled entities.

## Review of Internal Controls

The Board delegated its role of reviewing the adequacy and effectiveness of internal controls to the AC. The AC assesses the internal controls via its review of the quarterly reports submitted by Management, observations reported by the external auditors and the Group Internal Audit Department. In addition, for the period under review, the Board has received opinions from the Managing Director, Deputy Chief Executive Officer and Finance Director that the Group's risk management and internal control system is reasonably adequate and effective in material respects.

## Statement on Risk Management and Internal Control (*cont'd*)

### Review of Statement by External Auditors

As required by Paragraph 15.23 of the MMLR of Bursa Securities, the external auditors have reviewed this Statement on Risk Management and Internal Control and reported to the Board that nothing has come to their attention that caused them to believe that the Statement on Risk Management and Internal Control, in all material aspects, has not been prepared in accordance with the disclosures required by paragraphs 41 and 42 of the Statement on Risk Management and Internal Control : Guidelines for Directors of Listed Issuers, or is factually inaccurate. Their limited assurance review was performed in accordance with Audit and Assurance Practice Guide 3 issued by the Malaysian Institute of Accountants.

### Conclusion

The Board is of the opinion that the risk management and internal control system put in place for the year under review and up to the date of approval of this Statement is adequate to safeguard the shareholders' interests and the Group's assets.

The Board will continue to monitor and ensure that the risk management and internal control system continues to function effectively in the changing and challenging business environment.

This Statement was approved by the Board on 28 March 2025 .

## Directors' Responsibility Statement

The Directors are required by the Companies Act 2016 ("the Act") to ensure that the annual financial statements of the Group and the Company are prepared in accordance with the applicable approved accounting statements in Malaysia, the provisions of the Act and the Main Market Listing Requirements of Bursa Malaysia Securities Berhad.

Financial statements have provided a true and fair view of the financial position, financial performance and cash flows of the Group and the Company for the financial year ended 31 December 2024.

In preparing these financial statements, the Directors have adopted appropriate accounting policies on a consistent basis, made judgments and estimates that are reasonable and prudent and ensured that the financial statements are prepared on a going concern basis in accordance with the applicable accounting standards.

The Directors are required to keep proper accounting records with reasonable accuracy to enable them to ensure that the financial statements comply with the Act. The Directors have overall responsibility for taking such steps that are reasonably open to them to safeguard the assets of the Group and the Company, and to detect and prevent fraud and other irregularities.

# Sustainability Statement

## Presenting Muhibbah’s Sustainability Statement

Muhibbah manages sustainability-related risks and opportunities across our diverse operations. In this Sustainability Statement, we highlight our key environmental, social, and governance (“ESG”) initiatives and demonstrate how we integrate sustainability into our operations by addressing material ESG matters.

Recognising the evolving sustainability landscape, we continuously refine our strategies to align with global best practices. This includes investing in cleaner technologies, enhancing resource efficiency, and strengthening stakeholder collaboration to drive meaningful impact. By embedding ESG considerations into our decision-making processes, we aim to build a more resilient and responsible business for the future.

### Establishing the Scope and Boundary

Our Sustainability Statement presents Muhibbah Group’s ESG activities and performance in Malaysia for the period from 1 January 2024 to 31 December 2024 (“FY2024”). The sustainability performance of the Group’s crane manufacturing subsidiary, Favelle Favco Berhad (“FFB”), is not consolidated in this statement, as it is reported separately in FFB’s Annual Report and Sustainability Statement.

### Guided by the Reporting Frameworks

This statement has been prepared in compliance with the Bursa Malaysia Securities Main Market Listing Requirements (“MMLR”) and Bursa Malaysia’s Sustainability Reporting Guide (3rd edition). ESG disclosures are benchmarked against the guidelines of the Global Reporting Initiative (“GRI”) standards and aligned with the United Nations Sustainable Development Goals (“UN SDGs”).

### Strengthening Data Credibility

We conducted internal due diligence, engaging relevant information owners to ensure the accuracy of all data presented in this statement. To further enhance the integrity of our sustainability disclosures, external assurance will be considered in future reports.

### Appreciating Feedback

We welcome your feedback to ensure our sustainability efforts remain relevant and responsive to evolving challenges. Your perspectives help us identify new opportunities for positive impact. For any inquiries or comments, please contact us using the details provided.

## Sustainability Statement (*cont'd*)

### Our Environmental Policy

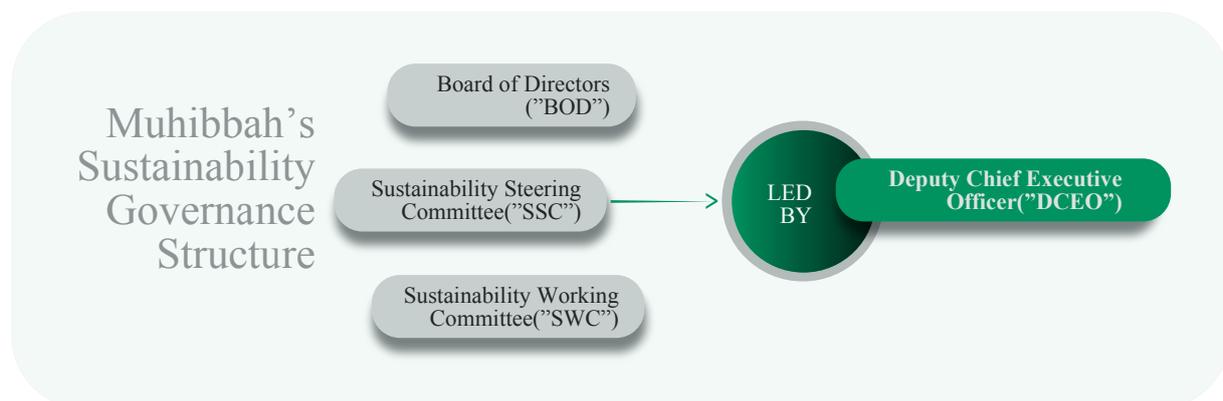

We demonstrate our pursuit towards environmental protection by implementing robust environmental management practices, ensuring full compliance with regulatory requirements, and integrating environmental responsibility into our operations through our Environmental Policy. Further to this, we also prioritise the development and application of sustainable designs and technologies across all areas of operation.

#### ENVIRONMENT POLICY STATEMENT

- Establishing, implementing, and maintaining the Environmental Management System by continuously improving its processes by setting up Specific, Measurable, Achievable, Realistic, and Time-bound (SMART) objectives, targets, and Environmental Management Programme (EMP);
- Conducting training for all Muhibbah employees in order for them to understand their roles and responsibilities in implementing environmental management system that meet and excels client and legal requirements;
- Ensuring conformance and commitment against the relevant environmental compliance obligations;
- Encouraging environmental sustainable concept throughout all Muhibbah's activities;
- Consideration on environmental aspects and impacts in all business strategies and initiatives;
- Conveying the Company's Environmental Policy to all individuals working for or on behalf of the organisation, interested parties and made available to the public.

### Our Sustainability Governance Structure

The Board of Directors (the "Board") provides strategic oversight, supported by the Sustainability Steering Committee ("SSC") and the Sustainability Working Committee ("SWC"). Collectively, they drive the implementation of sustainable practices across the organisation. The following outlines their roles and responsibilities in advancing these efforts.

### Roles and Responsibilities

The Board of Directors provides oversight of sustainability initiatives by guiding the Group's sustainability strategy and establishing its strategic direction. The SSC is responsible for reporting the sustainability performance to the Board on a periodic basis. Led by the DCEO, the SSC provides guidance to the SWC on the implementation of sustainability-related strategies. The SWC consists of internal departments that manage the day-to-day implementation, data collection and monitoring of the sustainability initiatives.

## Contribution to the Global Goals

Muhibbah supports the 2030 Agenda for Sustainable Development, aligning our operations with 9 UN SDGs and their corresponding targets. Our efforts create positive impacts across the environment, social well-being, and governance which contributes to a more sustainable future for people, planet, prosperity, peace, and partnerships.

- 3.5: Strengthen the prevention of substance abuse, including narcotic drug abuse and harmful use of alcohol**
- Smoking in restricted areas or being under the influence of alcohol or drugs while on duty is classified as misconduct under Clause No.15(k) of our Code of Ethics, Business Practice and Conduct Policies and Procedures

### Identifying Material Matters

Our materiality matrix provides a structured representation of key ESG issues identified through a comprehensive assessment process. This includes stakeholder engagement, weighted rankings, and alignment with our strategic sustainability priorities. By mapping these issues based on their significance to our business and stakeholders, the matrix informs decision-making and resource allocation for sustainability initiatives.

For FY2024, we conducted a reassessment of material sustainability matters, resulting in the identification of 14 key issues that are central to our sustainability strategy. These matters reflect evolving business dynamics, stakeholder expectations, and regulatory developments.

## Sustainability Statement (*cont'd*)

### Advancing Climate Action

Muhibbah recognises the substantial impact climate change can have on our operations and has integrated climate-related roles and responsibilities into the newly developed Terms of Reference (“TOR”) for the Board and the SSC.

The Group monitors and discloses our Scope 1, 2 and 3 GHG emissions using the operational control approach, as defined in the Greenhouse Gas Protocol’s Corporate Accounting and Reporting Standard (2004).

- Scope 1 - direct emissions from assets directly controlled by Muhibbah
- Scope 2 - indirect emissions from purchased electricity
- Scope 3 - indirect emissions from business travel

To strengthen our climate risk management initiatives, the Group plans to assess climate-related risks and opportunities and explore ways to incorporate them into our risk management framework in the near future.

### ECONOMIC GROWTH

Muhibbah drives sustainable economic growth by improving operational efficiency and generating value for stakeholders, while supporting long-term stability within the sectors in which the Group operates.

#### Investor Relations

Investor relations are vital for Muhibbah as they ensure transparent communication with shareholders. Effective communication of the Group’s financial performance and strategic direction supports long-term investment decisions and strengthens the organisation’s market reputation. In FY2024, the Group recorded a **total revenue of RM2,389 million**.

#### Supply Chain Management

Optimised supply chain operations are crucial for Muhibbah to maintain efficiency and ensure timely service execution. Effective management in this area minimises disruptions and enables us to consistently meet customer expectations with reliability and excellence.

Muhibbah adopts a structured approach to supply chain management, integrating efficiency, quality, and sustainability into our operations. Vendor registration and performance reviews help maintain a reliable supplier base, while third-party appraisals and periodic audits strengthen accountability. To enhance efficiency, an e-procurement system is in place, fostering long-term strategic partnerships and ensuring a resilient, responsible supply chain that supports operational sustainability.

**93%** procurement spent on local suppliers

#### Quality Control and Customer Satisfaction

High standards of quality assurance are essential for delivering reliable products and maintaining safety protocols. The Group maintains stringent quality standards through internationally recognised Quality Management Systems and adherence to our Quality Policy, with subsidiaries undergoing periodic audits to ensure compliance.

#### INITIATIVES TO ENHANCE QUALITY

##### Groupwide

- Implemented the Quality Assessment System in Construction (“QLASSIC”) score to evaluate workmanship quality of our construction works
- Adopted quality control document management software

##### Infrastructure Construction Division

- Established Welding Procedure Specifications (“WPS”) and Procedure Qualification Record (“PQR”) for duplex stainless steel and Inconel alloy steel
- Introduced Oxygen Analyser and Ferrite Count Measurement instruments to improve quality of welding works
- Conducted in-house training programme on Non-Destructive Examination (“NDE”) to enhance the quality of NDE work in projects
- Redefined fabrication process standards for traditional waste heat recovery units to achieve seamless and high-quality fabrication

To measure and improve service quality, customer satisfaction surveys have been conducted across the Group.

**84%** customer satisfaction score achieved

As part of our focus towards maintaining high standards of quality, the Group has maintained the following ISO certifications for FY2024.

- ISO29001:2020
- ASME U, S stamp
- ISO30000:2009
- NB R Stamp
- ISO3834-2-2021

**GOOD GOVERNANCE**

Muhibbah upholds the principles of good governance through transparency, accountability, and ethical practices. Effective leadership, alongside responsible decision-making, fosters trust while driving sustainable progress for all our stakeholders.

**Regulatory Compliance**

Adhering to regulatory standards is essential for maintaining lawful operations and supporting safety requirements across Muhibbah’s diverse operations in the built environment, marine, aviation as well as oil and gas sector. This builds stakeholder trust, protects our reputation, and drives long-term business success through enhanced operational efficiency.

As such, Muhibbah is focused on upholding stringent regulatory standards in our operations. Our Ship Recycling Management Systems is certified with ISO 30000:2009, complying with environmentally responsible ship decommissioning practices. Our Environmental Management System is ISO 14001:2015 certified, underscoring our focus towards sustainability and continuous improvement in managing the environmental impacts of our activities.

**Corporate Governance, Risk Management and Anti-Corruption**

Transparency and ethical conduct are fundamental for ensuring regulatory compliance at Muhibbah. Upholding rigorous standards in corporate governance, risk management and anti-corruption measures further strengthens operational effectiveness and bolsters stakeholder confidence.

To uphold transparency, accountability, and ethical standards across all our operations, and in alignment with the principles set forth by the Malaysian Code on Corporate Governance (“MCCG”) 2021, the Group has implemented a list of policies as outlined.

- Anti-Bribery and Corruption Policy
- Board Charter
- Board Diversity Policy
- Code of Conduct
- Corporate Disclosure Policy
- Decommissioning Policy
- Investor Relations and Shareholder Communication Policy
- Risk Management Policy
- Whistleblower Policy

This year, the Group reviewed and updated our Code of Conduct and HR policies to ensure compliance with current business requirements. A new Leave Management Policy has also been implemented to streamline leave processes.

**Data Privacy and Security**

Protecting customer data and ensuring privacy are foundational to building trust and meeting regulatory obligations for Muhibbah’s diverse area of operations. Safeguarding sensitive information mitigates the risk of data breaches, while maintaining compliance. Prioritising these areas secures business operations and strengthens relationships with our clients.

Muhibbah enforces strict data protection measures in compliance with the Personal Data Protection (Amendment) Act (“PDPA”) 2024. A dedicated department manages customer data and privacy-related complaints, ensuring timely resolution. To enhance data security, Muhibbah adopts a structured approach that includes data classification to prioritise protection based on sensitivity. Data minimisation practices further reduce exposure risks by limiting the collection and retention of personal data to only what is essential for business operations.

If a complaint suggests a potential data breach, an Incident Response Team, including IT security professionals and legal counsel, is activated to assess and address the situation. Immediate containment measures are implemented to limit impact, and the team evaluates the breach, identifies affected parties, and coordinates notifications to customers and regulatory authorities.

**ZERO COMPLAINTS REGARDING BREACHES OF DATA PRIVACY AND LOSSES OF CUSTOMER DATA**

### ENVIRONMENTAL STEWARDSHIP

Committed to environmental stewardship, Muhibbah prioritises sustainable practices that minimise impact and promote resource conservation. As we implement responsible actions, we strive to protect the environment while supporting long-term ecological balance.

#### Energy, Emissions and Climate Resilience

Optimising energy consumption enhances operational efficiency at Muhibbah. As we adopt energy-efficient technologies in equipment and processes, we minimise fuel use, reduce emissions, and improve overall project sustainability.

The Group is focused on reducing our environmental impact through energy management, emissions reduction, and building climate resilience across our operations. Our Environmental Management System is certified with ISO 14001:2015, and we have implemented a series of sustainable practices to promote energy efficiency and reduce our carbon footprint.

Since 2015, our airport concession projects have been accredited under the Airport Carbon Accreditation (ACA) programme, starting with Level 1 for Carbon Footprint & Policy and advancing to Level 2 for Emissions Reduction in 2019. In 2024, Phnom Penh International Airport achieved ACA Level 3, recognising successful third-party engagement in carbon footprint management. The Sihanoukville International Airport has also achieved Level 3 “Optimisation” accreditation from the Airports Council International (“ACI”) in the third quarter of 2024. To further reduce energy consumption, the airport has replaced conventional light bulbs with LED lighting, including the runway lighting system, and upgraded the heating, ventilation, and air-conditioning (“HVAC”) systems to more energy-efficient alternatives.

Our headquarters has incorporated solar-powered lighting as part of our sustainability initiatives. In our Shipyard Division, diesel engine-driven compressors at MME have been replaced with electric motor-driven alternatives.

#### Waste and Pollution Management

Efficient waste management is integral for Muhibbah, particularly within our diverse marine and engineering construction projects. With waste management procedures in place, we implement targeted recycling and waste reduction measures, such as managing construction debris and marine waste in support of sustainable practices in line with industry standards.

#### Erosion and Sediment Control

We have established the Erosion and Sedimentation Control Procedure, in alignment with the Environmental Quality Act 1974, to effectively manage erosion, sedimentation and surface water runoff. The procedure is designed to minimise environmental risks, particularly in earthworks-intensive projects. To ensure compliance with DOE standards, monthly monitoring is conducted, allowing for continuous assessment and proactive management of potential environmental impacts.

#### Water Management

Efficient water resource management minimises environmental impact across Muhibbah’s engineering projects. We conduct Environmental Aspect and Impact Evaluation (“EAIE”) to identify life cycle stages with significant water usage or wastage. Based on these findings, targeted initiatives such as awareness campaigns are implemented, including the monthly distribution of HSE SMART Awareness e-Posters, to promote responsible water management. Training programmes further support these efforts, ensuring continuous improvement in water conservation practices through structured monitoring.

Note: <sup>1</sup>Commenced disclosures for Scope 3 GHG emissions in October 2024

#### WASTE MANAGEMENT INITIATIVES

- Implemented Operational Control Plan in accordance with the Environmental Quality (Scheduled Waste) Regulations 2005, across all project sites and subsidiaries
- Appointed licensed contractors to manage all scheduled waste to ensure compliance with regulations set by the Department of Environment (“DOE”)
- Conducted HSE Awareness Campaign at project sites and HQ to promote responsible waste handling
- Conducted trainings on scheduled waste management, risk assessment, minimisation and optimisation strategies
- Appointed Certified Environmental Professional in Scheduled Waste Management (“CePSWaM”) personnel to oversee sustainable waste management, ensuring the effective implementation of waste reduction initiatives
- Assigned Environmental Officers at project sites and HQ to ensure proper oversight of waste management

### Biodiversity

Muhibbah recognises the importance of biodiversity conservation and integrates it into our environmental management practices. Our land reclamation activities strictly adhere to the Environmental Impact Assessment (“EIA”) and Environmental Monitoring Plan (“EMP”) requirements to ensure responsible development. Biodiversity-related data have also been recorded as an Environmental Key Performance Indicator (“EKPI”).

Biodiversity impacts from our operations are evaluated through EAIE. At our KMH (“Kuantan Maritime Hub”) project, construction activities have the potential to affect marine ecosystems, particularly through disturbances to local habitats. To address this, we have implemented an artificial reef project to enhance marine biodiversity, providing an alternative breeding ground for fish and other aquatic life. Further mitigation measures are guided by the findings of the EIA report, ensuring compliance with environmental regulations and supporting conservation efforts.

### SOCIAL RESPONSIBILITY

Muhibbah is committed to social responsibility and fosters occupational health and safety initiatives in our operations. In promoting inclusivity and supporting social well-being, the Group cultivates a conducive environment which nurtures our employees to thrive while contributing to the communities where we serve.

### Occupational Health and Safety

Ensuring a safe and healthy work environment is integral for reducing workplace accidents and injuries in the sectors that Muhibbah operates in. Employing OHS protocols, regular safety trainings, and strict adherence to industry standards, Muhibbah promotes work safety across all our work sites.

We are guided by a detailed Safety and Health Policy that is implemented across the Group.

#### SAFETY AND HEALTH POLICY STATEMENT

- Prioritises safety and health across all business operations, ensuring sufficient resource allocation and alignment with business functions
- Assigns clear responsibility for safety and health to all employees
- Mandates compliance with the Occupational Safety and Health (Amendment) Act 2022
- Implements proactive risk identification and accident prevention measures
- Communicates safety policies and procedures effectively to employees and subcontractors
- Enhances safety performance through regular audits and evaluations

The Board maintains oversight of health and safety risks, reinforcing their focus through the Group’s Safety and Health Policy. As part of this effort, a quarterly HSE performance report is submitted for review during Board meetings, ensuring continuous monitoring and improvement of safety practices.

Our Occupational Health and Safety Management System is ISO 45001:2018 certified and fully complies with the Occupational Safety and Health (Amendment) Act (“OSHA”) 2022. In line with this, all employees are covered under the management system, with safety measures tailored to their specific workplace environments, whether at headquarters, subsidiaries, or project sites. To ensure a work environment that is free from the risks associated with substance misuse, we have classified smoking in restricted areas and being under the influence of alcohol or drugs on duty as misconduct under our Code of Ethics, Business Practice and Conduct Policies and Procedures.

#### SAFETY AND HEALTH INITIATIVES

- Established Safety, Health, and Environment Committees (“SHECs”) at each subsidiary and project site to manage site-specific risks
- Conducted Hazard Identification, Risk Assessment, and Risk Control (“HIRARC”) assessments and utilised Hazard and Effect Registers (“HER”) and Job Safety Analyses (“JSA”) to manage risks
- Conducted Noise Risk Assessment (“NRA”) and the Permit to Work System during weekly Mass Toolbox meetings
- Organised quarterly Safety, Health & Environmental Committee meetings at the headquarters

## Sustainability Statement (cont'd)

This reporting year, the Group launched the Improvement Management Programme 2024 as well as the Audit and Inspection Programme 2024 to assess and manage safety risks. We also participated in external safety recognition efforts, such as the Safety and Health Assessment System in Construction (“SHASSIC”) assessment for the Penang Development Corporation project and emergency response drills with BOMBA for the Gansar and Universiti Teknologi Petronas projects.

**ZERO** NON-COMPLIANCE WITH HEALTH AND SAFETY STANDARDS

### Labour Practices and Standards

Muhibbah fosters a positive work environment built on a foundation of employee welfare, where fair practices and workplace safety are prioritised. As we implement rigorous safety protocols, equitable policies, and well-being initiatives, we cultivate a supportive culture that enhances productivity while strengthening the Group’s long-term growth.

The Group has established clear processes for handling human rights complaints through multiple channels, including online forms, email, anonymous hotlines, and in-person reporting. Our Human Resources and Legal departments oversee investigations to ensure fairness, accountability, and regulatory compliance. Findings are then addressed at the senior management level, with corrective actions taken as needed. Supporting this effort, our recruitment process includes age verification, identity checks, and background checks to ensure compliance with legal standards and to prevent forced or child labour. Beyond this, we also have a Whistleblower Policy in place as part of the Group’s grievance mechanism for human rights violations.

The Group also prioritises the effective management of foreign labour through initiatives that promote the fair treatment, safety, and rights of workers. Foreign workers are provided with various facilities and support services to ensure their wellbeing and help them to adapt to their new environment. Regular inspections and audits are conducted to ensure the proper management of foreign labour and adherence to our standards.

To promote a safe and respectful workplace, we have established Sexual Harassment Policies under our Code of Conduct, with sexual harassment prevention posters being displayed in visible locations across the workplace raise awareness among our employees.

### Diversity and Talent Management

Diversity and inclusiveness drive innovation and create a balanced workplace at Muhibbah. As a member of the Malaysian Employers Federation (“MEF”), Muhibbah upholds industry best practices in fostering a professional and inclusive working environment for all employees.

Muhibbah prioritises employee engagement through continuous learning, cultivating a positive work culture, and advancing diversity, equity, and inclusion (“DEI”) practices. Our initiatives to enhance workforce diversity and reduce discrimination include training on diversity and inclusion, mentorship programmes, equitable hiring practices, and the development of policies that hold leadership accountable for diversity goals.

The Group attracts and retains talent by offering competitive salaries, flexible working arrangements, and comprehensive benefits, including extensive insurance coverage, such as hospitalisation and surgical benefits. Additionally, we foster a sense of ownership and long-term commitment by providing employees with the opportunity to participate in the ESOS. The Group also offers comprehensive training and development programmes designed to enhance skills and career progression.

**RM201,305** invested in employee training and development programmes

### Community Engagement and Contribution

Muhibbah builds strong relationships with local communities through active involvement in CSR initiatives. All organisations considered for donations undergo a rigorous review and approval process to ensure they deliver meaningful and lasting benefits to the community while aligning with the Group's values.

**RM296,860** invested in the community

Throughout the reporting year, we have organised various CSR initiatives, such as the ones outlined below.

- Donation of groceries to senior citizens and single parents
- Donation to Jabatan Perikanan Malaysia for the installation of artificial reefs
- Donation to Kampung Selamat in conjunction with Aidiladha
- Sponsorship for the Selangor Silver Jubilee Celebration
- Donation of used zinc roof to Kampung Selamat
- Provision of storm disaster aid to Kampung Selamat

As part of our community engagement efforts, the Group organised a Creation & Industry Awareness site visit which provided students and lecturers from MILA University with first-hand insights into industry practices and innovation.

### BUILDING RESILIENCE FOR A SUSTAINABLE FUTURE

As we advance on our ESG journey, we are integrating energy-efficient technologies to enhance operational agility and resource efficiency. Through strategic stakeholder engagement, continuous workforce development, and impactful community initiatives, we create shared value while upholding the highest governance standards. By embedding sustainability into decision-making and proactively managing emerging risks, we continue to shape a future-ready organisation built on resilience and responsible growth.

Mazlan bin Abdul Hamid	1,450,000	-	(217,000)	1,233,000

Other than the abovementioned Directors, none of the other Directors holding office at 31 December 2024 had any interest in the ordinary shares of the Company and of its related corporations during the financial year.

### Directors' benefits

Since the end of the previous financial year, no Director has received or become entitled to receive any benefit (other than a benefit included in the aggregate amount of remuneration received or due and receivable by Directors shown in the financial statements, or the fixed salary of a full time employee of the Company or related corporations) by reason of a contract made by the Company or a related corporation with the Director or with a firm of which the Director is a member, or with a company in which the Director has a substantial financial interest except for any benefits which may be deemed to arise from transactions entered into in the ordinary course of business with companies in which certain Directors have substantial financial interests as disclosed in Note 31 to the financial statements.

Neither during nor at the end of the financial year was the Group or the Company a party to any arrangements whose object is to enable the Directors to acquire benefits by means of the acquisition of shares in or debentures of the Company or any other body corporate other than the share options granted to certain Directors pursuant to the SIS of the Company.

## Directors' remuneration

The details of the directors' remuneration paid or payable to the Directors of the Company during the financial year are as follows:

	Group RM'000	Company RM'000
Directors' fee	856	384
Directors' salaries and other remuneration	3,715	2,781
Defined contribution plan	351	221
Benefits-In-Kind	6	6
	4,928	3,392

## Issue of shares and debentures

During the financial year,

- The Company increased its issued and paid-up share capital from RM426,770,000 to RM428,320,000 by way of an issuance of 3,181,000 new ordinary shares from the exercise of options under the Company's SIS at the exercise prices as disclosed in Note 13 to the financial statements which amounted to RM1,214,000; and
- there was no issuance of debenture by the Company.

## Treasury shares

The treasury shares are disclosed in Note 14 to the financial statements.

## Options granted over unissued shares

No options were granted to any person to take up unissued shares of the Company during the financial year apart from the issue of options pursuant to the SIS.

The Company operates a SIS that was established and approved by the shareholders of the Company at an Extraordinary General Meeting held on 22 June 2022. The main features of the new SIS, details of share options offered and exercised during the financial year are disclosed in Note 25. The SIS expires on 26 July 2027.

## Other statutory information

Before the financial statements of the Group and of the Company were made out, the Directors took reasonable steps to ascertain that:

- proper action had been taken in relation to the writing off of bad debts and making of allowance for impairment losses on receivables, and satisfied themselves that all known bad debts have been written off and adequate allowance had been made for impairment losses on receivables, and
- any current assets which were unlikely to be realised in the ordinary course of business have been written down to an amount which they might be expected so to realise.

## Directors' Report for the Financial Year ended 31 December 2024 (*cont'd*)

### Other statutory information (*cont'd*)

At the date of this report, the Directors are not aware of any circumstances:

- i) that would render the amount written off for bad debts or the amount of allowance for impairment losses on receivables in the Group and in the Company inadequate to any substantial extent, and
- ii) that would render the value attributed to the current assets in the financial statements of the Group and of the Company misleading, or
- iii) which have arisen which render adherence to the existing method of valuation of assets or liabilities of the Group and of the Company misleading or inappropriate, or
- iv) not otherwise dealt with in this report or the financial statements that would render any amount stated in the financial statements of the Group and of the Company misleading.

The contingent liabilities are disclosed in Note 30 to the financial statements. At the date of this report, there does not exist:

- i) any charge on the assets of the Group or of the Company that has arisen since the end of the financial year and which secures the liabilities of any other person, or
- ii) any contingent liability in respect of the Group or of the Company that has arisen since the end of the financial year.

No contingent liability or other liability of the Group and of the Company has become enforceable, or is likely to become enforceable within the period of twelve months after the end of the financial year which, in the opinion of the Directors, will or may substantially affect the ability of the Group and of the Company to meet their obligations as and when they fall due.

In the opinion of the Directors, the financial statements and the financial performance of the Group and of the Company for the financial year ended 31 December 2024 have not been substantially affected by any other item, transaction or event of a material and unusual nature nor has any such item, transaction or event occurred in the interval between the end of that financial year and the date of this report.

### Subsidiaries

The details of the Company's subsidiaries are disclosed in Note 5 to the financial statements.

### Indemnity and insurance cost

During the financial year, there is no indemnity given to or professional indemnity insurance effected for Directors, officers or auditors of the Group and of the Company.

### Significant events occurring after the financial year

The significant events occurring after the financial year are disclosed in Note 33 to the financial statements.

## Auditors

The auditors, Crowe Malaysia PLT, have expressed their willingness to continue in office.

The details of the auditors' remuneration for the financial year are as follows:-

	The Group RM'000	The Company RM'000
Audit fees	1,717	232
Non-audit fees	40	20
	<hr/> 1,757	<hr/> 252

# Notes to the Financial Statements

Muhibbah Engineering (M) Bhd. is a public limited liability company, incorporated and domiciled in Malaysia and listed on the Main Market of Bursa Malaysia Securities Berhad. The address of its registered office and principal place of business is Lot 579 and 586, 2nd Mile, Jalan Batu Tiga Lama, 41300 Klang, Selangor Darul Ehsan, Malaysia.

The consolidated financial statements of the Company as at and for the financial year ended 31 December 2024 comprise the Company and its subsidiaries (together referred to as the Group) and the Group's interest in associates and jointly controlled operations. The financial statements of the Company as at and for the financial year ended 31 December 2024 do not include other entities.

The Company is principally engaged in the provision of oil and gas, marine, infrastructure, civil and structural engineering contract works. The subsidiaries are involved in design, manufacture, commission, repair, maintenance and customisation of cranes, offshore supply vessels and anchor handling tugboats for oil and gas industry. The associates are mainly involved in international airport concessions in Cambodia and road maintenance concessions in Malaysia. The main business segments of the Group are stated in Note 27 to the financial statements. The principal activities of its subsidiaries are as stated in Note 5. There have been no significant changes in the nature of these activities during the financial year.

The financial statements were authorised for issue by the Board of Directors on 15 April 2025.

## 1. Basis of preparation

### (a) Statement of compliance

The financial statements of the Group and of the Company are prepared under the historical cost convention and modified to include other bases of valuation as disclosed in other sections under material accounting policy information, and in compliance with Malaysian Financial Reporting Standards ("MFRSs"), International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia.

During the current financial year, the Group and the Company have adopted the following new accounting standards and interpretations (including the consequential amendments, if any):

#### **MFRSs and/or IC Interpretations (Including the Consequential Amendments)**

Amendments to MFRS 16: Lease Liability in a Sale and Leaseback  
Amendments to MFRS 101: Classification of Liabilities as Current or Non-current  
Amendments to MFRS 101: Non-current Liabilities with Covenants  
Amendments to MFRS 107 and MFRS 7: Supplier Finance Arrangements

The adoption of the above accounting standards and/or interpretations (including the consequential amendments, if any) did not have any material impact on the Group's and the Company's financial statements.

The Group and the Company have not applied in advance the following accounting standards and/or interpretations (including the consequential amendments, if any) that have been issued by the Malaysian Accounting Standards Board ("MASB") but are not yet effective for the current financial year:-

<b>MFRSs and/or IC Interpretations (Including The Consequential Amendments)</b>	<b>Effective Date</b>
MFRS 18 Presentation and Disclosure in Financial Statements	1 January 2027
MFRS 19 Subsidiaries without Public Accountability: Disclosures	1 January 2027
Amendments to MFRS 9 and MFRS7: Amendments to the Classification and Measurement of Financial Instruments	1 January 2026
Amendments to MFRS 9 and MFRS7: Contracts Referencing Nature-dependent Electricity	1 January 2026
Amendments to MFRS 10 and MFRS 128: Sale or Contribution of Assets between an Investor and its Associate or Joint Venture	Deferred
Amendments to MFRS 121: Lack of Exchangeability	1 January 2025
Annual Improvements to MFRS Accounting Standards – Volume 11	1 January 2026

The adoption of the above accounting standards and/or interpretations (including the consequential amendments, if any) is expected to have no material impact on the financial statements of the Group and the Company upon their initial application.

## Notes to the Financial Statements (*cont'd*)

### 1. Basis of preparation (*cont'd*)

#### (b) Basis of measurement

The financial statements have been prepared on historical cost basis except as disclosed in the notes to the financial statements.

#### (c) Functional and presentation currencies

The individual financial statements of each entity in the Group are presented in the currency of the primary economic environment in which the entity operates, which is the functional currency.

These financial statements are presented in Ringgit Malaysia ("RM"), which is the Company's functional currency. All financial information is presented in RM and has been rounded to the nearest thousand, unless otherwise stated.

### 2. Material accounting policy information

The accounting policies set out below have been applied consistently to the periods presented in these financial statements and have been applied consistently by Group entities, unless otherwise stated.

#### (a) Critical accounting estimates and judgements

The preparation of financial statements in conformity with MFRSs requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

There are no significant areas of estimation of uncertainty and critical judgements in applying accounting policies that have significant effects on the amounts recognised in the financial statements other than the estimation and judgment exercised by the Group as disclosed below:

##### (i) *Recognition of revenue and profit from construction contracts*

- Recognition of construction revenue by reference to the construction progress using the input method, determined based on proportion of construction costs incurred for work performed to date over the estimated total construction costs. Estimated total construction costs are based on approved budgets, which are subject to management's periodic review from time to time until completion. In making judgement, management relies on past experience to estimate and provide for variable consideration, using expected value or most likely amount.

##### (ii) *Impairment of receivables*

For trade receivables and contract assets, the Group:

- uses the simplified approach to estimate a lifetime expected credit loss allowance; and
- shall adjust (where necessary) for qualitative and quantitative reasonable and supportable forward-looking information.

For non-trade financial assets, the loss allowances are estimated based on the assumptions on risk of default and expected loss rates.

##### (iii) *Impairment of Property and Equipment, Investment Properties, Investments in Associates and Right-of-use Assets*

- Evaluation for impairment is subject to changes such as market performance, economic and political situation of the country.

##### (iv) *Impairment of Goodwill*

- Estimation of the value in use and the expected cash flows.

## 2. Material accounting policy information (cont'd)

### (a) Critical accounting estimates and judgements (cont'd)

#### (v) *Depreciation of Property and Equipment*

- Estimation of the residual values, useful lives and related depreciation charges.

#### (vi) *Income Taxes*

- Estimation of the tax liabilities based on the Group's understanding of the prevailing tax laws.

#### (vii) *Discount Rates used in Leases*

- Where the interest rate implicit in the lease cannot be readily determined, the Group uses the incremental borrowing rate to measure the lease liabilities. The incremental borrowing rate is the interest rate that the Group would have to pay to borrow over a similar term or with necessary adjustment where applicable for a similar value to the right-of-use asset.

#### (viii) *Lease Terms*

- Some leases contain extension options exercisable by the Group before the end of the non-cancellable contract period.

#### (ix) *Contingent liabilities*

- The recognition and measurement for contingent liabilities are based on management's view of the expected outcome on contingencies after taken into accounts various reasonable relevant factors including experts opinion, if any, where applicable.

### (b) Basis of consolidation

#### (i) *Subsidiaries*

Subsidiaries are entities, including structured entities, controlled by the Company. The financial statements of subsidiaries are included in the consolidated financial statements from the date that control commences until the date that control ceases.

The Group controls an entity when it is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Potential voting rights are considered when assessing control only when such rights are substantive. The Group also considers it has *de facto* power over an investee when, despite not having the majority of voting rights, it has the current ability to direct the activities of the investee that significantly affect the investee's return.

Investments in subsidiaries are measured in the Company's statement of financial position at cost less any impairment losses, unless the investment is classified as held for sale or distribution. The cost of investment includes transaction costs.

## Notes to the Financial Statements (*cont'd*)

### 2. Material accounting policy information (*cont'd*)

#### (b) Basis of consolidation (*cont'd*)

##### (ii) *Business combinations*

Business combinations are accounted for using the acquisition method from the acquisition date, which is the date on which control is transferred to the Group.

For new acquisitions, the Group measures the cost of goodwill at the acquisition date as:

- (a) the fair value of the consideration transferred; plus
- (b) the recognised amount of any non-controlling interests in the acquiree; plus
- (c) if the business combination is achieved in stages, the fair value of the existing equity interest in the acquiree; less
- (d) the net recognised amount (generally fair value) of the identifiable assets acquired and liabilities assumed.

When the excess is negative, a bargain purchase gain is recognised immediately in profit or loss.

For each business combination, the Group elects whether it measures the non-controlling interests in the acquiree either at fair value or at the proportionate share of the acquiree's identifiable net assets at the acquisition date.

Transaction costs, other than those associated with the issue of debt or equity securities, that the Group incurs in connection with a business combination are expensed as incurred.

##### (iii) *Acquisitions of non-controlling interests*

The Group accounts for all changes in its ownership interest in a subsidiary that do not result in a loss of control as equity transactions between the Group and its non-controlling interest holders. Any difference between the Group's share of net assets before and after the change, and any consideration received or paid, is adjusted to or against Group reserves.

##### (iv) *Loss of control*

Upon the loss of control of a subsidiary, the Group derecognises the assets and liabilities of the former subsidiary, any non-controlling interests and the other components of equity related to the former subsidiary from the consolidated statement of financial position. Any surplus or deficit arising on the loss of control is recognised in profit or loss. If the Group retains any interest in the former subsidiary, then such interest is measured at fair value at the date that control is lost. Subsequently, it is accounted for as an equity accounted investee or as an available-for-sale financial asset depending on the level of the influence retained.

##### (v) *Associates*

Associates are entities, including unincorporated entities, in which the Group has significant influence, but not control, over the financial and operating policies.

Investments in associates are accounted for in the consolidated financial statements using the equity method less any impairment losses, unless it is classified as held for sale or distribution. The cost of the investment includes transaction costs. The consolidated financial statements include the Group's share of the profit or loss and other comprehensive income of the associates, after adjustments, if any, to align the accounting policies with those of the Group, from the date that significant influence commences until the date that significant influence ceases.

## 2. Material accounting policy information (cont'd)

### (b) Basis of consolidation

#### (v) *Associates (cont'd)*

When the Group's share of losses exceeds its interest in an associate, the carrying amount of that interest including any long-term investments is reduced to zero, and the recognition of further losses is discontinued except to the extent that the Group has an obligation or has made payments on behalf of the associate.

When the Group ceases to have significant influence over an associate, any retained interest in the former associate at the date when significant influence is lost is measured at fair value and this amount is regarded as the initial carrying amount of a financial asset. The difference between the fair value of any retained interest plus proceeds from the interest disposed of and the carrying amount of the investment at the date when equity method is discontinued is recognised in the profit or loss.

When the Group's interest in an associate decreases but does not result in a loss of significant influence, any retained interest is not remeasured. Any gain or loss arising from the decrease in interest is recognised in profit or loss. Any gains or losses previously recognised in other comprehensive income are also reclassified proportionately to the profit or loss if that gain or loss would be required to be reclassified to profit or loss on the disposal of the related assets or liabilities.

Investments in associates are measured in the Company's statement of financial position at cost less any impairment losses, unless the investment is classified as held for sale or distribution. The cost of investment includes transaction costs.

#### (vi) *Joint arrangements*

Joint arrangements are arrangements of which the Group has joint control, established by contracts requiring unanimous consent for decisions about the activities that significantly affect the arrangements' returns.

Joint arrangements are classified and accounted for as follows:

- (a) A joint arrangement is classified as "joint operation" when the Group or the Company has rights to the assets and obligations for the liabilities relating to an arrangement. The Group and the Company account for each of its share of the assets, liabilities and transactions, including its share of those held or incurred jointly with the other investors, in relation to the joint operation.
- (b) A joint arrangement is classified as "joint venture" when the Group or the Company has rights only to the net assets of the arrangements. The Group accounts for its interest in the joint venture using the equity method. Investment in joint venture are measured in the Company's statement of financial position at cost less any impairment losses, unless the investment is classified as held for sale or distribution. The cost of investment includes transaction costs.

#### (vii) *Affiliated company*

An affiliated company to the Group is a company in which the ultimate holding company holds a long term investment of between 20% to 50% of the equity.

#### (viii) *Non-controlling interests*

Non-controlling interests at the end of the reporting period, being the equity in a subsidiary not attributable directly or indirectly to equity holders of the Company, are presented in the consolidated statement of financial position and statement of changes in equity within equity, separately from equity attributable to the owners of the Company. Non-controlling interests in the results of the Group is presented in the consolidated statement of profit or loss and other comprehensive income as an allocation of the profit or loss and the comprehensive income for the year between non-controlling interests and the owners of the Company.

Losses applicable to the non-controlling interests in a subsidiary are allocated to the non-controlling interests even if doing so causes the non-controlling interests to have a deficit balance.

## Notes to the Financial Statements (*cont'd*)

### 2. Material accounting policy information (*cont'd*)

#### (b) Basis of consolidation (*cont'd*)

##### (ix) *Transactions eliminated on consolidation*

Intra-group balances and transactions, and any unrealised income and expenses arising from intra-group transactions, are eliminated in preparing the consolidated financial statements.

Unrealised gains arising from transactions with equity-accounted associates are eliminated against the investment to the extent of the Group's interest in the associates. Unrealised losses are eliminated in the same way as unrealised gains, but only to the extent that there is no evidence of impairment.

#### (c) Financial instruments

##### (i) *Recognition and initial measurement*

A financial asset or a financial liability is recognised in the statement of financial position when, and only when, the Group and the Company becomes a party to the contractual provisions of the instrument.

A financial asset (unless it is a trade receivable without significant financing component) or a financial liability is initially measured at fair value plus or minus, for an item not at fair value through profit or loss, transaction costs that are directly attributable to its acquisition or issuance. A trade receivable without a significant financing component is initially measured at the transaction price.

An embedded derivative is recognised separately from the host contract is not a financial asset, and accounted for separately if, and only if, the derivative is not closely related to the economic characteristics and risks of the host contract and the host contract is not measured at fair value through profit or loss. The host contract, in the event an embedded derivative is recognised separately, is accounted for in accordance with policy applicable to the nature of the host contract.

##### (ii) *Financial instrument categories and subsequent measurement*

The Group and the Company categorise financial instruments as follows:

#### **Financial assets**

Categories of financial assets are determined on initial recognition and are not reclassified subsequent to their initial recognition unless the Group or the Company changes its business model for managing financial assets in which case all affected financial assets are reclassified on the first day of the first reporting period following the change of the business model.

##### (a) Amortised cost

Amortised cost category comprises financial assets that are held within a business model whose objective is to hold assets to collect contractual cash flows and its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. The financial assets are not designated as fair value through profit or loss. Subsequent to initial recognition, these financial assets are measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain or loss on derecognition is recognised in profit or loss.

Interest income is recognised by applying effective interest rate to the gross carrying amount except for credit impaired financial assets where the effective interest rate is applied to the amortised cost.

## 2. Material accounting policy information (cont'd)

### (c) Financial instruments (cont'd)

#### (ii) *Financial instrument categories and subsequent measurement (cont'd)*

##### **Financial assets (cont'd)**

##### (b) Fair value through other comprehensive income

The financial asset is held for both collecting contractual cash flows and selling the financial asset, where the asset's cash flows represent solely payments of principal and interest. Movements in the carrying amount are taken through other comprehensive income and accumulated in the fair value reserve, except for the recognition of impairment, interest income and foreign exchange difference which are recognised directly in profit or loss. Interest income is calculated using the effective interest rate method.

##### (c) Fair value through profit or loss

All other financial assets that do not meet the criteria for amortised cost or fair value through other comprehensive income are measured at fair value through profit or loss.

##### **Financial liability**

The category of financial liability at initial recognition is as follows:

##### (a) Amortised cost

Other financial liabilities not categorised as fair value through profit or loss are subsequently measured at amortised cost using the effective interest method.

Interest expense and foreign exchange gains and losses are recognised in the profit or loss. Any gains or losses on derecognition are also recognised in the profit or loss.

#### (iii) *Derecognition*

A financial asset or part of it is derecognised when, and only when, the contractual rights to the cash flows from the financial asset expire or transferred, or control of the asset is not retained or substantially all of the risks and rewards of ownership of the financial asset are transferred to another party. On derecognition of a financial asset, the difference between the carrying amount of the financial asset and the sum of the consideration received (including any new asset obtained less any new liability assumed) is recognised in the profit or loss.

A financial liability or a part of it is derecognised when, and only when, the obligation specified in the contract is discharged, cancelled or expires. On derecognition of a financial liability, the difference between the carrying amount of the financial liability extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in the profit or loss.

### (d) Property, plant and equipment

#### (i) *Recognition and measurement*

Items of property, plant and equipment are measured at cost/valuation less any accumulated depreciation and any accumulated impairment losses.

The Group and the Company adopted the policy to revalue their freehold land and leasehold land every 5 years or at shorter intervals whenever the fair values of the freehold land and leasehold land are expected to differ materially from their carrying values.

## Notes to the Financial Statements (*cont'd*)

### 2. Material accounting policy information (*cont'd*)

#### (d) Property, plant and equipment (*cont'd*)

##### (i) *Recognition and measurement (cont'd)*

Surpluses arising from the revaluation are recognised in other comprehensive income and accumulated in equity under the revaluation reserve. Deficits arising from the revaluation, to the extent that they are not supported by any previous revaluation surpluses, are recognised in profit or loss.

Cost includes expenditures that are directly attributable to the acquisition of the asset and any other costs directly attributable to bringing the asset to working condition for its intended use, and the costs of dismantling and removing the items and restoring the site on which they are located. The cost of self-constructed assets also includes the cost of materials and direct labour. For qualifying assets, borrowing costs are capitalised in accordance with the accounting policy on borrowing costs.

Purchased software that is integral to the functionality of the related equipment is capitalised as part of that equipment.

Dry-docking costs are recognised in the carrying amount of ships, rigs, etc. when incurred and depreciated over the period until the next dry-docking.

The cost of property, plant and equipment recognised as a result of a business combination is based on fair value at acquisition date. The fair value of property is the estimated amount for which a property could be exchanged between knowledgeable willing parties in an arm's length transaction after proper marketing wherein the parties had each acted knowledgeably, prudently and without compulsion. The fair value of other items of plant and equipment is based on the quoted market prices for similar items when available and replacement cost when appropriate.

When significant parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

The gain or loss on disposal of an item of property, plant and equipment is determined by comparing the proceeds from disposal with the carrying amount of property, plant and equipment and is recognised net within "other income" or "other expenses" respectively in profit or loss. When revalued assets are sold, the amounts included in the revaluation surplus reserve are transferred to retained earnings.

##### (ii) *Subsequent costs*

The cost of replacing a component of an item of property, plant and equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the component will flow to the Group or the Company, and its cost can be measured reliably. The carrying amount of the replaced component is derecognised to profit or loss. The costs of the day-to-day servicing of property, plant and equipment are recognised in profit or loss as incurred.

##### (iii) *Depreciation*

Depreciation is recognised in profit or loss on a straight-line basis over the estimated useful lives of each component of an item of property, plant and equipment from the date that they are available for use. Leased assets are depreciated over the shorter of the lease term and their useful lives unless it is reasonably certain that the Group will obtain ownership by the end of the lease term. Freehold land is not depreciated. Property, plant and equipment under construction are not depreciated until the assets are ready for their intended use.

The estimated useful lives are as follows:

Drydock and slipway	45	years
Cranes	10 - 15	years
Plant and equipment	3 - 20	years
Motor vehicles	5	years

## 2. Material accounting policy information (cont'd)

### (d) Property, plant and equipment (cont'd)

#### (iii) Depreciation (cont'd)

Buildings are depreciated on a straight-line basis over the shorter of 50 years or the lease period.

Capital work-in-progress included in property and equipment are not depreciated as these assets are not yet available for use.

The depreciable amount is determined after deducting the residual value.

Depreciation methods, useful lives and residual values are reviewed at the end of the reporting period.

### (e) Right-of-use and lease liabilities

The Group assesses whether a contract is or contains a lease, at inception of the contract. The Group recognises a right-of-use asset and corresponding lease liability with respect to all lease arrangements in which it is the lessee, except for low-value assets and short-term leases with 12 months or less. For these leases, the Group recognises the lease payments as an operating expense on a straight-line method over the term of the lease unless another systematic basis is more representative of the time pattern in which economic benefits from the leased assets are consumed.

The right-of-use asset is initially measured at cost. Cost includes the initial amount of the corresponding lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred, less any incentives received.

The right-of-use asset is subsequently measured at cost less accumulated depreciation and any impairment losses, and adjustment for any remeasurement of the lease liability. The depreciation starts from the commencement date of the lease. If the lease transfers ownership of the underlying asset to the Group or the cost of the right-of-use asset reflects that the Group expects to exercise a purchase option, the related right-of-use asset is depreciated over the useful life of the underlying asset. Otherwise, the Group depreciates the right-of-use asset to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of the right-of-use assets are determined on the same basis as those property, plant and equipment.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted by using the rate implicit in the lease. If this rate cannot be readily determined, the Group uses its incremental borrowing rate.

The lease liability is subsequently measured at amortised cost using the effective interest method. It is remeasured when there is a change in the future lease payments (other than lease modification that is not accounted for as a separate lease) with the corresponding adjustment is made to the carrying amount of the right-of-use asset or is recognised in profit or loss if the carrying amount has been reduced to zero.

### (f) Investment properties

#### *Investment properties carried at cost*

Investment properties are properties which are owned or have right-of-use asset held to earn rental income or for capital appreciation or for both, but not for sale in the ordinary course of business, use in the production or supply of goods or services or for administrative purpose.

## Notes to the Financial Statements (*cont'd*)

### 2. Material accounting policy information (*cont'd*)

#### (f) Investment properties (*cont'd*)

##### *Investment properties carried at cost (cont'd)*

Investment properties which are owned are stated at cost less accumulated depreciation and impairment losses, consistent with the accounting policy for property, plant and equipment as stated in accounting policy Note 2(d). Cost includes expenditure that is directly attributable to the acquisition of the investment property.

The right-of-use asset held under a lease contract that meets the definition of investment property is measured initially similarly as other right-of-use assets.

Transfers between investment property and property, plant and equipment do not change the carrying amount and the cost of the property transferred.

An investment property is derecognised on its disposal, or when it is permanently withdrawn from use and no future economic benefits are expected from its disposal. The difference between the net disposal proceeds and the carrying amount is recognised in profit or loss in the period in which the item is derecognised.

#### (g) Other non-current assets

##### (i) *Intangible asset*

###### (a) *Goodwill*

Goodwill arises on business combinations is measured at cost less any accumulated impairment losses. In respect of equity-accounted associates, the carrying amount of goodwill is included in the carrying amount of the investment and an impairment loss on such an investment is not allocated to any asset, including goodwill, that forms part of the carrying amount of the equity-accounted associates.

Goodwill with indefinite useful lives are not amortised but are tested for impairment at the end of each reporting period and whenever there is an indication that goodwill may be impaired.

###### (b) *Research and development*

Expenditure on research activities, undertaken with the prospect of gaining new scientific or technical knowledge and understanding, is recognised in profit or loss as incurred.

Expenditure on development activities, whereby the application of research findings are applied to a plan or design for the production of new or substantially improved products and processes, is capitalised only if development costs can be measured reliably, the product or process is technically and commercially feasible, future economic benefits are probable and the Group intends to and has sufficient resources to complete development and to use or sell the asset.

The expenditure capitalised includes the cost of materials, direct labour and overheads costs that are directly attributable to preparing the asset for its intended use. For qualifying assets, borrowing costs are capitalised in accordance with the accounting policy on borrowing costs. Other development expenditure is recognised in profit or loss as incurred.

Capitalised development expenditure is measured at cost less any accumulated amortisation and any accumulated impairment losses.

###### (c) *Intellectual property*

Intellectual property consists of rights to trade name, knowhow and industrial property rights and is stated at cost less any accumulated amortisation and any impairment losses.

## 2. Material accounting policy information (cont'd)

### (g) Other non-current assets (cont'd)

#### (i) Intangible asset (cont'd)

##### (d) Subsequent expenditure

Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure, including expenditure on internally generated goodwill and brands, is recognised in profit or loss as incurred.

##### (e) Amortisation

Goodwill and intangible assets with indefinite useful lives are not amortised but are tested for impairment annually and whenever there is an indication that they may be impaired. Other intangible assets are amortised from the date that they are available for use. Amortisation of intangible assets is recognised in profit or loss on a straight-line basis over the estimated useful lives of intangible assets of 5 to 10 years.

Amortisation methods, useful lives and residual values are reviewed at the end of each reporting period and adjusted, if appropriate.

#### (ii) Land held for property development

Development costs consist of land and development costs where no development activities are carried out or where development activities are not expected to be completed within the normal operating cycle. Such land and development costs are carried at cost less and accumulated impairment losses.

Costs associated with the acquisition of land include the purchase price of the land, professional fees, stamp duties, commissions, conversion fees and other relevant levies. Pre-acquisition costs are charged to profit or loss as incurred unless such costs are directly identifiable to the consequent property development activity.

Non-current property development costs are transferred to the current asset when development activities have commenced and where it can be demonstrated that the development activities can be completed within the normal operating cycle.

### (h) Inventories

Inventories are measured at the lower of cost and net realisable value.

The cost of inventories is measured based on the first-in first-out principle, and includes expenditure incurred in acquiring the inventories, production or conversion costs and other costs incurred in bringing them to their existing location and condition. In the case of work in progress, manufactured inventories and finished goods, cost includes an appropriate share of production overheads based on normal operating capacity.

Cost of crane components comprises the original purchase price plus incidentals in bringing these inventories to their present location and condition. Cost of work-in-progress and assembled cranes consists of crane components, direct labour and an appropriate proportion of fixed and variable production overheads. Crane components are determined on a first-in, first-out basis. Cost of work-in-progress and assembled cranes is determined on a specific identification basis.

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

## 9. Other non-current assets (cont'd)

### *Development costs*

Development costs represent internally generated development expenditure by subsidiaries on new or substantially improved projects. It is reasonably anticipated that the development expenditure will be recovered through future commercial activity. The amortisation period of development expenditure ranged from 1 year to 5 years (2023 - 1 year to 5 years).

At 31 December	131	151

Intellectual property represents the acquisition of know-how, rights to industrial property and trade name by subsidiaries. It is reasonably anticipated that the intellectual property will be recovered through future commercial activity.

### *Goodwill*

	Group	
	2024 RM'000	2023 RM'000
<b>Carrying amounts</b>		
At 1 January/31 December	75,283	75,283

## Notes to the Financial Statements (cont'd)

### 9. Other non-current assets (cont'd)

The Group has assessed the recoverable amounts of goodwill allocated and determined that no impairment is required. The recoverable amounts of the cash-generating units are determined using the value in use approach, and this is derived from the present value of the future cash flows from each cash-generating unit computed based on the projections of financial budgets approved by management covering a period of 5 years. The key assumptions used in the determination of the recoverable amounts are as follows:

	Average gross margin		Average growth rate		Discount rate		Terminal growth rate	
	2024	2023	2024	2023	2024	2023	2024	2023
	%	%	%	%	%	%	%	%
Intelligent automation group	29-30	28-30	5-6	4-6	9	9	-	-

The key assumptions represent management's assessment based on past operating results and management's expectations of market conditions and assessment of future trends derived from both external and internal sources.

Management has determined the average gross profit margin and weighted average growth rate based on past performance and its expectation of market development. The discount rate used are computed based on the weighted average cost of capital of the industries that the Group operates in.

The management believes that no reasonably possible changes in any of the above key assumptions would cause the carrying value of the goodwill to be materially higher than its recoverable amount.

- (i) The holders of ordinary shares (except treasury shares) are entitled to receive dividends as and when declared by the Company, and are entitled to one vote per ordinary share at meetings of the Company. The ordinary shares have no par value.
- (ii) In current financial year, a total of 3,181,000 (2023 – 611,000) new ordinary shares were issued for cash pursuant to the employee's share issuance scheme ("SIS") of the Company. The details of options granted under the Company's share options are disclosed in Note 25.

## 14. Reserves

### Treasury shares

This amount represents the acquisition cost for the repurchase of the Company's ordinary shares, net of the proceeds received from their subsequent sale or issuance of the shares repurchased.

The number of treasury shares held is 1,783,000 (2023 - 1,783,000). None of the treasury shares held was sold or cancelled during the financial year ended 31 December 2024.

### Revaluation reserve

Revaluation reserve of the Group relates to the revaluation of freehold land and leasehold land of the Company and certain subsidiaries, and the revaluation of an investment in a subsidiary by the Company in 1982.

### Capital reserve

The capital reserve of the Group represents reserve arising from the redemption of preference shares issued by a subsidiary, and the capitalisation of distributable reserve for issuance of bonus shares by subsidiaries in previous years.

### Share options reserve

The share options reserve of the Group and of the Company comprises the cumulative value of employee services received for the issue of share options. When the option is exercised, the amount from the share options reserve is transferred to share capital. When the share options expire, the amount from the share options reserve is transferred to retained earnings.

### Translation reserve

The translation reserve of the Group and of the Company comprises all foreign currency differences arising from the translation of the financial statements of foreign operations.

### Retained earnings

Under the single tier tax system, tax on the Company's profits is the final tax and accordingly, any dividends to the shareholders are not subject to tax.

#### *Diluted earnings per share*

The Group has dilutive potential ordinary shares from the options granted to eligible employees of the Group.

The calculation of diluted earnings per share for the year ended 31 December 2024 was based on profit attributable to owners of the Company and the weighted average number of ordinary shares outstanding on the assumption that all the dilutive potential ordinary shares are fully converted, as follows:

	Group	
	2024 RM'000	2023 RM'000
Profit/(Loss) attributable to owners of the Company	79,996	(7,982)
	Group	
	2024 '000	2023 '000
Weighted average number of ordinary shares	726,866	725,270
Effect of dilution arising from conversion of remaining employee share options	31,101	37,719
Adjusted weighted average number of ordinary shares (diluted) at 31 December	757,967	762,989

The average market price of the Company's shares, used to assess the dilutive effect of share options, was calculated based on the quoted market prices over the period during which the options were outstanding.

	Group	
	2024	2023
Diluted earnings/(loss) per share (sen)	10.55	(1.05)

### Share-based payments

The main features of the SIS, and details of the share options offered and exercised during the financial year are as follows:

- (i) The maximum number of approved unissued new ordinary shares available for allotment under the SIS shall not exceed in aggregate of ten per cent (10%) of the issued and paid-up share capital of the Company at any point in time during the duration of the SIS scheme;
- (ii) Save for Directors, the eligible employees are those confirmed full time employees of the Group and who have served for a continuous period of at least one (1) year;
- (iii) A grantee shall be allowed to exercise the options granted subject to the following percentage limits based on entitlement granted:

#### Year option is granted 2022 & 2023

Cumulative % of options exercisable during the option period in

Year 1	-
Year 2	15%
Year 3	30%
Year 4	45%
Year 5	100%

- (iv) The exercise price shall be based on the weighted average market price of the shares of the Company for the five (5) market days immediately preceding the offer date subject to a discount of not more than ten per cent (10%) or at the par value of the shares of the Company, whichever is higher.

The following options were granted under the Option scheme:

### Fair value of share options and assumptions

The fair value of services received in return for share options granted is based on the fair value of share options granted, measured using the Black Scholes model, with the following inputs:

#### SIS

	Company	Subsidiary
Fair value at grant date (RM)		
- Granted in Year 2022	0.10 - 0.15	0.36 - 0.56
- Granted in Year 2023	0.19 - 0.29	-

- Granted in Year 2023	3.17 - 3.42	-

The expected volatility reflects the assumption that the historical volatility is indicative of future trends and not necessarily be the actual outcome. The expected option life is based on historical data, which may also not necessarily be indicative of exercise patterns that may occur.

## Notes to the Financial Statements (*cont'd*)

### 26. Dividend

#### *Proposed final dividend for the year ended 31 December 2024*

The Directors have recommended a first and final ordinary tax exempt dividend of 3.00 sen per ordinary share totaling RM21,868,795 in respect of the financial year ended 31 December 2024, which will be paid after the financial year end subject to the approval of the shareholders at the forthcoming Annual General Meeting. The proposed final dividend has not been accounted for in the financial statements of the Group and of the Company as at 31 December 2024.

#### *Dividend per ordinary share*

The calculation of dividend per ordinary share is based on the issued and paid-up share capital (excluding treasury shares) of 728,959,818 ordinary shares as at 31 December 2024.

### 27. Operating segments

Operating segments are prepared in a manner consistent with the internal reporting provided to the Group Executive Committee as its chief operating decision maker in order to allocate resources to segments and to assess their performance. For management purposes, the Group is organised into business units based on their products and services provided.

The Group comprises the following main business segments:

Infrastructure construction	Construction of petroleum hub and bunkering facilities, oil and gas terminals, liquefied natural gas jetty works, marine ports, bridges and dams, airport terminals runway and facility support buildings, heavy concrete foundations and other similar construction works
Cranes	Design, manufacture, supply, trading, leasing and service provider of offshore oil and gas pedestal cranes, tower cranes, shipyard cranes and other heavy lifting equipment cranes; and design, engineering and maintenance services for integrated automation solutions, process analysers and specialised equipment for various industries
Marine shipbuilding and ship repair	Design, engineering, building and service provider of anchor handling tug boats, supply vessels, accommodation ships and marine vessels for the offshore oil and gas exploration and production works
Concession	Privatisation of international airports in Cambodia and road maintenance works in the central region of Peninsular Malaysia

#### *Segment assets and segment liabilities*

The Group Executive Committee reviews the segments' operating performance on segment net assets basis. Hence, the segment assets and segment liabilities are presented on the same basis.

#### Geographical segments

The infrastructure construction segment is operating mainly in Malaysia and Cambodia. The cranes segment is managed on a worldwide basis with its head office in Malaysia. The cranes segment has manufacturing plants in Malaysia, Australia, United States of America and Denmark. The marine shipbuilding and ship repair segment operates in Malaysia. The airport concession segment is managed in Cambodia and the road maintenance concession works are carried out in the central region of Peninsular Malaysia.

In presenting information on the basis of geographical segments, segment revenue is based on geographical location of the respective principal operations.

### 29.2 Financial risk management objectives and policies

The Group's financial risk management policy seeks to ensure that adequate financial resources are available for the development of the Group's businesses whilst managing its credit, liquidity, interest rate and foreign currency risks. The Board reviews and agrees policies for managing each of these risks and they are summarised below.

### 29.3 Credit risk

The Group's credit risk is primarily attributable to trade receivables. Management has a credit policy in place and the exposure to credit risk is monitored on an ongoing basis.

The Company's exposure to credit risk arises principally from advances to subsidiaries and financial guarantees given to banks for borrowings granted to subsidiaries.

#### (i) Exposure of credit risk

At the end of the reporting period, there were no significant concentrations of credit risk. The maximum exposure to credit risk is represented by the carrying amount of each financial asset.

The exposure of credit risk for trade receivables (net of impairment) by geographical region is as follows:

	Group		Company	
	2024 RM'000	2023 RM'000	2024 RM'000	2023 RM'000
Asia	195,124	179,881	46,175	63,418
Europe	58,319	27,052	-	-
America	367	7,549	-	-
Middle East	33,231	46,888	-	-
Africa	-	12	-	-
Australia	2,332	15,400	-	-
	289,373	276,782	46,175	63,418

#### (ii) Assessment of impairment losses

At each reporting date, the Group assesses whether any of financial assets at amortised cost and contract assets at fair value through other comprehensive income are credit impaired.

The gross carrying amounts of those financial assets are written off when there is no reasonable expectation of recovery (i.e. the debtor does not have assets or sources of income to generate sufficient cash flows to repay the debt) despite they are still subject to enforcement activities.

#### 29.3 Credit risk (*cont'd*)

##### (ii) *Assessment of impairment losses (cont'd)*

###### *Trade Receivables and Contract Assets*

The Group applies the simplified approach to measuring expected credit losses which uses a lifetime expected loss allowance for all trade receivables and contract assets.

To measure the expected credit losses, trade receivables and contract assets have been grouped based on shared credit risk characteristics and the days past due. The contract assets relate to unbilled work in progress and have substantially the same risk characteristics as the trade receivables for the same types of contracts. Therefore, the Group concluded that the expected loss rates for trade receivables are a reasonable approximation of the loss rates for the contract assets.

The Group considers any receivables having significant balances and more than 90 days overdue are deemed credit impaired.

The expected loss rates are based on the payment profiles of sales over a period of 12 months from the measurement date and the corresponding historical credit losses experienced within this period. The historical loss rates are adjusted to reflect current and forward-looking information on macroeconomic factors affecting the ability of the customers to settle their debts.

For construction contracts, the Group assessed the expected credit loss of each customer individually based on their financial information and past trends of payments as there are only a few customers. All of these customers have low risk of default as they have a strong capacity to meet their debts.

##### *Other Receivables*

The Group applies the general approach to measuring expected credit losses for the other receivables. Generally, the Group considers the advances to other receivables have low credit risks.

###### *Amount due from Subsidiaries*

The Company considers the amount due from subsidiaries to be in default when the subsidiaries are not able to pay when demanded. The Company considers a subsidiary's outstanding balances to be credit impaired when the subsidiary is unlikely to repay its loan or advances to the Company in full.

The Company determines the probability of default for these loans and advances individually using internal information available.

The information about the exposure to credit risk and the loss allowances calculated under MFRS 9 for amount due from subsidiaries are summarised below:

#### 29.3 Credit risk (*cont'd*)

##### (ii) *Assessment of impairment losses (cont'd)*

The Company provides unsecured corporate guarantees to banks in respect of banking facilities granted to certain subsidiaries. The Company monitors on an ongoing basis the results of the subsidiaries and repayments made by the subsidiaries.

The maximum exposure to credit risk amounted to RM71.6 million (2023 - RM80.5 million) representing the outstanding banking facilities of the subsidiaries as at the end of the financial year.

As at the end of the financial year, there was no indication that any subsidiary would default on repayment.

The corporate guarantees have not been recognised since the fair value on initial recognition was not material.

### 29.4 Liquidity risk

The Group's exposure to liquidity risk primarily arises from its capabilities to meet its financial obligations, principally its trade payables, loan and borrowings, as and when they fall due.

The Group and the Company monitor and maintain a level of cash and bank balances deemed adequate by management to finance the operations and to mitigate the effects of fluctuations in cash flows.

The table below summaries the maturity profile of the financial liabilities as at the end of the reporting period based on contractual undiscounted cash flows:

#### 29.5 Interest rate risk

The Group's interest rate risk arises from its interest-bearing financial instruments that could impact fair value and future cash-flows due to fluctuation in market interest rates. The Group and the Company borrow to fund the acquisition of property, plant and equipment and for working capital purposes from banks and financial institutions, and have fixed deposits placed with licensed banks. Interest rate exposure is managed through the use of fixed and floating rate debts.

##### *Effective interest rates and repricing analysis*

In respect of interest-earning financial assets and interest-bearing financial liabilities, the following table indicates their average effective interest rates at the end of the reporting period and the periods in which they mature, or if earlier, reprice.

The information on interest-bearing financial liabilities are disclosed in Note 29.4.

## Notes to the Financial Statements (*cont'd*)

### 29. Financial instruments (*cont'd*)

#### 29.5 Interest rate risk (*cont'd*)

##### *Interest rate risk sensitivity analysis*

###### *Fair value sensitivity analysis for fixed rate instruments*

The Group does not account for any fixed rate financial assets and liabilities at fair value through profit or loss. Therefore, a change in interest rates at the end of the reporting period would not affect profit or loss.

###### *Cash flow sensitivity analysis for variable rate instruments*

If interest rates as at the end of the reporting period increase by 100 basis points (bp) with all other variables being held constant, the Group and the Company's profit after taxation would have decreased by RM4,118,000 (2023 - RM5,535,000) and RM3,498,700 (2023 - RM4,705,500). A 100 bp decrease would have had an equal but opposite effect on the profit after taxation.

#### 29.6 Foreign currency risk

The Group is exposed to transactional currency risk primarily through sales and purchases that are denominated in a currency other than the functional currency of the operations to which they relate. The currencies giving rise to this risk are primarily United State Dollar ("USD"), Euro, Australian Dollar ("AUD"), Singapore Dollar ("SGD") and Qatari Riyal ("QAR").

The Group and the Company hold derivative financial instruments to hedge their foreign currency risk exposures. The exposure to foreign currency risk of the Group and of the Company is monitored by the management from time to time.

The foreign exchange contracts are used as hedges to manage the operational exposures to foreign currency risks. The exposure to foreign currency risk of the Group and of the Company is also mitigated by natural hedging via borrowings and payment of operational costs and expenses in the same currency of the major receivables.

#### 29.7 Fair value information

The carrying amounts of the financial assets and financial liabilities reported in the financial statements approximated their fair values.

For those financial assets and financial liabilities that are impractical to establish the market value or fair value, are carried at cost less impairment, if any.

#### *Fair value hierarchy*

The table below analyses financial instruments carried at fair value, by valuation method. The different levels have been defined as follows:

Level 1: Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

## 30. Contingent liabilities

### Continuing financial support

The Company has undertaken to provide continuing financial support to certain subsidiaries to enable them to meet their financial obligations as and when they fall due (Note 5).

### Contingent liabilities - litigation

#### 30.1 *Muhibbah Engineering (M) Bhd ("the Company") v Syrian Civil Aviation Authority ("SCAA")*

The Company has commenced arbitration proceedings at the Dubai International Arbitration Centre ("DIAC") to claim against SCAA in accordance to contract agreement for approximately Euro 36.0 million (RM183.0 million) for costs and interest for works done in relation to the rehabilitation and upgrading of some of the Damascus International Airport facilities in Syria which was substantially completed by the Company previously.

On 20 February 2024, DIAC issued an award in favour of the Company for the sum of Euro 8.8 million (RM45.6 million) plus interest costs from the date of the award until full payment and legal costs. The court of Cassation in Dubai has on 25 September 2024 dismissed SCAA's appeal to nullify the award, thereby rendering the award final.

In regard to SCAA's Claim in Syria Court, the Council of State Administrative Court ("CSAC") of Syria awarded SCAA the sum of Euro 3.172 million (approximately RM16.0 million) to be paid by the Company ("Award"). The Company's application to nullify the Award and a petition for review was dismissed by the Supreme Administrative Court of Syria.

#### 30.2 *Toyo Thai Malaysia Sdn Bhd ("TTML") v Muhibbah Engineering (M) Bhd ("the Company")*

The Company has commenced arbitration proceedings against TTML and issued a demand letter to TTML's parent company, TTCL Public Company Limited ("TTCL"), for an outstanding sum of approximately RM157.3 million which includes but is not limited to the value of work done pursuant to re-measurement of the actual quantities of work, change orders and all relevant claims.

The Company is also refuting TTML's counterclaim against the Company for an amount of approximately RM28.6 million as it is not in compliance with the conditions of the contract.

The arbitration hearing has concluded, and all Parties have filed their submissions. The Parties are now awaiting the delivery of the arbitral award.

#### 30.3 *Additional tax assessment from the Inland Revenue Board of Malaysia ("IRB")*

The Inland Revenue Board of Malaysia ("IRB") has issued notices of assessment for tax liability amounting to RM23.0 million (Company: RM12.0 million) to the Company and one of its wholly owned subsidiaries for previous years of assessment by disallowing tax deduction on accruals made for project costs incurred and the related group tax relief for the subsidiary.

The Company and its subsidiary filed application for judicial review at the Kuala Lumpur High Court for an order to quash the notices of assessment. On 1 April 2024, the High Court held that the matters should be heard at the Special Commissioners of Income Tax ("SCIT").

The solicitors are of the view that there is a good chance in appealing on this as High Court decisions are not in line with the earlier decisions made by both Court of appeal ("COA") and Federal Court that this matters are to proceed to judicial review proceedings at the High Court instead of SCIT. MEB Group appealed against this decision to the COA. The hearing in the COA is fixed on 23 October 2025 while the SCIT hearing is fixed in May 2025.

## Notes to the Financial Statements (*cont'd*)

### 31. Related parties

For the purposes of these financial statements, parties are considered to be related to the Group if the Group or the Company has the ability, directly or indirectly, to control the party or exercise significant influence over the party in making financial and operating decisions, or vice versa, or where the Group or the Company and the party are subject to common control or common significant influence. Related parties may be individuals or other entities.

The Group has a related party relationship with its subsidiaries (see Note 5) and its associates (see Note 6).

The significant related party transactions of the Group and of the Company, other than key management personnel compensation are as follows:

The above transactions have been entered into the normal course of business and have been established under negotiated terms.

The outstanding net amounts due from/(to) subsidiaries and associates as at 31 December 2024 are disclosed in Note 7 and Note 16 respectively.

### 32. Capital management

The primary objective of the Group's capital management is to ensure that it maintains a healthy capital ratio in order to support its business and maximise shareholders' value.

The Group manages its capital structure and makes adjustments to it, in light of changes in economic and business conditions or expansion plans of the Group. To maintain or adjust the capital structure, the Group may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. There were no changes in the Group's approach to capital management during the year.

### 33. Significant events after the financial year

- (a) On 27 March 2025, MEB and ITSK ("MEB Group") had acquired and holds a accumulated total of 16,938,000 Master-Pack Group Berhad ("MPGB") shares, representing 31% equity interest in MPGB with total cost of RM62.3 million and MPGB becomes an associated company of MEB Group accordingly.
- (b) On 27 March 2025, Société Concessionnaire de l' Aéroport ("SCA") an associate of the Company signed a settlement agreement with the Royal Government of Cambodia for the compensation for SCA's investments for Phnom Penh International Airport ("PPIA"). The settlement amount is USD140 million, of which USD56.1 million was received by SCA in March 2025.

On the same day, SCA also entered into a Management Service Agreement ("MSA") with Cambodia Airport Investment Co. Ltd to manage and operate the new Techo International Airport ("TIA") for a duration of 15 years.

# Independent Auditors' Report to the members of Muhibbah Engineering (M) Bhd.

## REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

### Opinion

We have audited the financial statements of Muhibbah Engineering (M) Bhd., which comprise the statements of financial position of the Group and of the Company as at 31 December 2024, and the statements of profit or loss and other comprehensive income, statements of changes in equity and statements of cash flows of the Group and of the Company for the financial year then ended, and notes to the financial statements, including material accounting policy information, as set out on pages 58 to 145.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Group and of the Company as at 31 December 2024, and of their financial performance and their cash flows for the financial year then ended in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia.

### Basis for Opinion

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### *Independence and Other Ethical Responsibilities*

We are independent of the Group and of the Company in accordance with the *By-Laws (on Professional Ethics, Conduct and Practice)* of the Malaysian Institute of Accountants ("By-Laws") and the International Ethics Standards Board for Accountants' *International Code of Ethics for Professional Accountants (including International Independence Standards)* ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the By-Laws and the IESBA Code.

### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significant in our audit of the financial statements of the Group and of the Company for the current financial year. These matters were addressed in the context of our audit of the financial statements of the Group and of the Company as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matters described below to be the key audit matters to be communicated in our report.

Revenue and profit recognition for construction contracts Refer to Note 20 to the financial statements	
Key Audit Matter	How our audit addressed the Key Audit Matter
<p>Construction contract accounting is inherently complex due to the contracting nature of the business, which involves significant judgements. This includes the determination of the total budgeted contract costs to complete the projects and the calculation of percentage of completion which affects the quantum of revenue and profit to be recognised.</p> <p>In estimating the revenue to be recognised, the management considers past experience and work done certified by customers and/or independent third parties, where applicable.</p>	<p>Our audit procedures included, among others:</p> <ul style="list-style-type: none"> <li>(i) Read all key contracts and discussed with management to obtain a full understanding of the terms and risks to assess our consideration of whether revenue was appropriately recognised;</li> <li>(ii) Testing the operating effectiveness of internal controls over the completeness, accuracy and timing of revenue recognised in the financial statements;</li> </ul>

### Key Audit Matters (cont'd)

Revenue and profit recognition for construction contracts Refer to Note 20 to the financial statements	
Key Audit Matter	How our audit addressed the Key Audit Matter
<p>In estimating the total budgeted contract costs to completion, the management considers the completeness and accuracy of its costs estimation, including its obligations to contract variations and claims. The total costs to completion are subject to a number of variables including the accuracy of designs, market conditions in respect of materials and subcontractor cost and construction issues.</p> <p>An error in the estimated profit on contracts could result in a material variance in the amount of profit or loss recognised to date and therefore also in the current period. The profit recognition on contract includes key judgements over the expected recovery of costs arising from variations and claims and assessment on liquidated and ascertained damages costs, where applicable. In addition, changes in judgements, and the related estimates, as contracts progress, can result in material adjustments to margin, which can be both positive and negative.</p> <p>The potential outcome for contracts can have an individually and collectively material impact on the financial statements, whether through error or management bias.</p> <p>We determined this to be a key audit matter due to the complexity and judgemental nature of the budgeting of contract costs to completion, calculation of percentage of completion and the determination of revenue and profit to be recognised.</p>	<p>(iii) Assessing the management's assumptions in determining the percentage of completion of projects, estimations of revenue and costs, provisions for foreseeable losses, liquidated and ascertained damages as well as recoverability of billed receivables and costs incurred on variation orders;</p> <p>(iv) Assessing the reasonableness of percentage of completion by comparing to certification by external parties;</p> <p>(v) Assessing the estimated profit and costs to completion, adjustments for job costing and potential contract losses; and</p> <p>(vi) Assessing whether the amounts recognised in the financial statements were in line with the Group's accounting policy and relevant accounting standards.</p>
Investments in associates Refer to Note 6 to the financial statements	
Key Audit Matter	How our audit addressed the Key Audit Matter
<p>The major associate is audited by a component auditor of the Group. In the context of our audit of the Group's consolidated financial statements, we have identified revenue recognition amongst others as key audit matter. Revenue is a presumed fraud risk area in the financial statements. Thus, the risk of material misstatement may be high and a good degree of professional scepticism is necessary.</p> <p>Given the significant risk involved when auditing revenue, we have reviewed the component auditor's working papers to ensure sufficient audit procedures had been performed, and the associate's revenue recognition policy was consistent with the accounting standards and has been applied consistently.</p>	<p>We have communicated with the major associate's component auditor and discussed the significant audit risks relating to revenue and have reviewed their working papers and discussed with them the results of their work. The audited financial information of the component auditor is used as evidence in the Group audit.</p> <p>The procedures performed by the component auditor on revenue included:-</p> <p>(i) Performing test on the operating effectiveness of the associate's controls relevant to recognition of revenue;</p> <p>(ii) Performing sales transaction test to ensure the accuracy and validity of revenue recognised; and</p> <p>(iii) Performing sales cut off test to ensure revenue is recognised in the proper accounting period.</p>

### Key Audit Matters (cont'd)

Recoverability of trade receivables and contract assets Refer to Note 7 and Note 10 to the financial statements	
Key Audit Matter	How our audit addressed the Key Audit Matter
<p>Trade receivables and contract assets are major components of the financial position of the Group.</p> <p>The Group assessed at each reporting date whether the trade receivables and contract assets carried at amortised cost are credit-impaired. The Group has applied simplified method to determine the allowance for impairment of trade receivables and contract assets. The expected credit loss model involves the use of various assumptions, economic factors and historical credit behaviour of trade receivables.</p> <p>We identified the expected credit loss on trade receivables and contract assets as a key audit matter due to estimation and judgements significantly used by management in the calculation of expected credit loss, risk of default and the inherent uncertainties during the estimation process.</p>	<p>Our audit procedures included, among others:</p> <ul style="list-style-type: none"> <li>(i) Evaluating the methodologies of expected credit loss model developed by the Group;</li> <li>(ii) Testing the accuracy and completeness of the underlying data used in the model and the arithmetical accuracy of the calculation of expected credit loss;</li> <li>(iii) Challenging the reasonableness of the key assumptions and judgements used to calculate the likelihood of default and estimation on the adequacy of the Group's expected credit loss allowance on trade receivables and contract assets;</li> <li>(vi) Reviewing recoverability of major receivables including but not limited to the review of subsequent collections;</li> <li>(v) Reviewing collections and sales trends during financial year of major receivables; and</li> <li>(vi) Reviewing the status of contract performance and certification of work performed by contract customers or independent third parties.</li> </ul> <p>In addition to the above, we have also included the following procedures for those trade receivables and contract assets under litigation and arbitration:</p> <ul style="list-style-type: none"> <li>(i) Reviewing the legal documents;</li> <li>(ii) Obtaining confirmation updates from legal counsel regarding the status and opinion of the litigation and arbitration;</li> <li>(iii) Assessing legal counsel's opinion;</li> <li>(iv) Performing subsequent event reviews;</li> <li>(v) Considering contingent liabilities; and</li> <li>(vi) Reviewing the appropriateness of disclosures in the financial statements.</li> </ul>
Net Realisable Value of Inventories under Work-In-Progress Refer to Note 11 to the financial statements	
Key Audit Matter	How our audit addressed the Key Audit Matter
<p>Inventories are a major component of the financial position of the Group.</p> <p>The Group assessed at each reporting date whether the inventories are carried at the lower of costs and net realisable value. There are significant degrees of management's assumptions and estimates used for determining the net realisable value, including the stage of completion, expected costs to complete, and expected selling price.</p> <p>Possible changes in judgments and related estimates of the net realisable value may result in material adjustments to the inventories' carrying amounts.</p>	<p>Our audit procedures included, among others:</p> <ul style="list-style-type: none"> <li>(i) Reviewing whether inventories are carried at lower of costs and net realisable value;</li> <li>(ii) Evaluating the qualifications, objectivity and competency of the independent external valuer engaged in the valuation of the vessels and assessed the reasonableness of the assumptions used in arriving at the valuation;</li> <li>(iii) Assessing the methodologies used by the independent external valuer to estimate the net realisable value of the vessels; and</li> <li>(iv) Assessing the adequacy of write-down of inventories.</li> </ul>

Goodwill impairment Refer to Note 9 to the financial statements	
Key Audit Matter	How our audit addressed the Key Audit Matter
<p>As at 31 December 2024, the Group has goodwill of RM75.283 million for the acquisition of the Intelligent Automation Group.</p> <p>This is an area of focus given the materiality of the Group's goodwill balances and the inherent subjectivity in impairment testing.</p> <p>The judgement in relation to goodwill impairment relates primarily to the assumptions underlying the calculation of the value in use of the business, being the achievability of the long-term business plans.</p>	<p>Our audit procedures included, among others:</p> <ul style="list-style-type: none"> <li>(i) Making enquiries and challenging the management on the key assumptions made, including the consistent application of management's methodology, the achievability of the business plans, assumptions in relation to terminal growth in the business at the end of the plan period, and revenue growth, operating margin and discount rates;</li> <li>(ii) Evaluating the reasonableness of the management's estimate of expected future cash flows by taking into consideration the past performance of the Intelligent Automation Group;</li> <li>(iii) Performing sensitivity analysis to assess the impact on the recoverable amount of the cash generating units; and</li> <li>(iv) Reviewing the adequacy of disclosure of goodwill in the financial statements.</li> </ul>

### Information Other than the Financial Statements and Auditors' Report Thereon

The directors of the Company are responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements of the Group and of the Company and our auditors' report thereon.

Our opinion on the financial statements of the Group and of the Company does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements of the Group and of the Company, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements of the Group and of the Company or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### Responsibilities of Directors for the Financial Statements

The directors of the Company are responsible for the preparation of the financial statements of the Group and of the Company that give a true and fair view in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia. The directors are also responsible for such internal control as the directors determine is necessary to enable the preparation of financial statements of the Group and of the Company that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements of the Group and of the Company, the directors are responsible for assessing the Group's and the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or the Company or to cease operations, or have no realistic alternative but to do so.

### Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements of the Group and of the Company as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with approved standards on auditing in Malaysia and International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements of the Group and of the Company, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's and the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's or the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements of the Group and of the Company or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group or the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements of the Group and of the Company, including the disclosures, and whether the financial statements of the Group and of the Company represent the underlying transactions and events in a manner that achieves fair presentation.
- Plan and perform the group audit to obtain sufficient appropriate audit evidence regarding the financial information of the entities or business units within the group as a basis for forming an opinion on the group financial statements. We are responsible for the direction, supervision and review of the audit work performed for purposes of the group audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

## Independent Auditors' Report to the members of Muhibbah Engineering (M) Bhd. (*cont'd*)

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial statements of the Group and of the Company for the current financial year and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

In accordance with the requirements of the Companies Act 2016 in Malaysia, we report that the subsidiaries, of which we have not acted as auditors, are disclosed in Note 5 to the financial statements.

### OTHER MATTERS

This report is made solely to the members of the Company, as a body, in accordance with Section 266 of the Companies Act 2016 in Malaysia and for no other purpose. We do not assume responsibility to any other person for the content of this report.

  - ii. If the corporate member does not have a common seal, the certificate of appointment of authorised representative should be affixed with the rubber stamp of the corporate member (if any) and executed by: (a) at least two (2) authorised officers, of whom one shall be a director; or, (b) any director and/or authorised officers in accordance with the laws of the country under which the corporate member is incorporated.
7. Pursuant to Paragraph 8.29A(1) of the Main Market Listing Requirements of Bursa Securities, resolutions set out in this Notice will be put to vote by way of poll.

## Explanatory Notes to the Agenda

### 1. Agenda Item 1 - Audited Financial Statements for the Financial Year Ended 31 December 2024

The Audited Financial Statements in Agenda 1 is intended for discussion only as the provision of Section 340(1)(a) of the Act does not require a formal approval of the shareholders and hence is not put forward for voting.

### 2. Ordinary Resolutions 2, 3, and 4: Re-election of Directors

The profiles of the Directors who are standing for re-election under item 3 of this Agenda are set out in the Board of Directors' profile of the Annual Report 2024.

Based on the recommendation of Nominating Committee, the Board is satisfied with the performance and contributions of the following Directors and supports the re-election based on the following justifications:-

#### (a) Re-election of Dato' Mohamad Kamarudin bin Hassan as Director

In accordance with Article 85 of the Company's Constitution, a Director appointed by the Board shall hold office until the conclusion of the next AGM of the Company and shall then be eligible for re-election. Dato' Mohamad Kamarudin bin Hassan, who was appointed as a Director of the Company on 15 May 2014, retires by rotation pursuant to Article 85 of the Company's Constitution and being eligible, has offered himself for re-election at the Fifty-Second AGM.

Shareholders' approval is sought for the re-election of Dato' Mohamad Kamarudin bin Hassan, Ordinary Resolution 2. The profile of Dato' Mohamad Kamarudin bin Hassan listed in the Profile of Directors section.

#### (b) Re-election of Mr. Mac Ngan Boon @ Mac Yin Boon as Director

In accordance with Article 85 of the Company's Constitution, a Director appointed by the Board shall hold office until the conclusion of the next AGM of the Company and shall then be eligible for re-election. Mr. Mac Ngan Boon @ Mac Yin Boon, who was appointed as a Director of the Company on 22 May 1973, retires by rotation pursuant to Article 85 of the Company's Constitution and being eligible, has offered himself for re-election at the Fifty-Second AGM.

Shareholders' approval is sought for the re-election of Mr. Mac Ngan Boon @ Mac Yin Boon, Ordinary Resolution 3. The profile of Mr. Mac Ngan Boon @ Mac Yin Boon listed in the Profile of Directors section.

## Notice of Annual General Meeting (*cont'd*)

### (c) Re-election of Ms. Lee Poh Kwee as Director

In accordance with Article 85 of the Company's Constitution, a Director appointed by the Board shall hold office until the conclusion of the next AGM of the Company and shall then be eligible for re-election. Ms. Lee Poh Kwee, who was appointed as a Director of the Company on 15 May 2014, retires by rotation pursuant to Article 85 of the Company's Constitution and being eligible, has offered herself for re-election at the Fifty-Second AGM.

Shareholders' approval is sought for the re-election of Ms. Lee Poh Kwee, Ordinary Resolution 4. The profile of Ms. Lee Poh Kwee listed in the Profile of Directors section.

### 3. Ordinary Resolution 5: Approval for payment of Directors' fees and benefits

Section 230(1) of the Companies Act 2016 provides amongst others, that "the fees" of the Directors and "any benefits" payable to the Directors of a listed company and its subsidiaries shall be approved at a general meeting. In this respect, shareholders' approval shall be sought at the forthcoming Fifty-Second AGM on the Directors' fees and benefits under Ordinary Resolution 5. The Directors' benefits comprise meeting allowances, travelling allowances and other benefits such as directors' and officers' liability insurance.

### 4. Ordinary Resolution 6: Authority for Dato' Mohamad Kamarudin bin Hassan to continue in office as Independent Director of the Company

Dato' Mohamad Kamarudin bin Hassan ("Dato' Kamarudin") was appointed as Independent Director of the Company on 15 May 2014 and has served for a cumulative term of more than nine (9) years. In accordance with the Malaysian Code on Corporate Governance 2021 ("MCCG"), the Nominating Committee and Board of Directors of the Company, after having assessed the independence of Dato' Kamarudin, consider him to be independent based on amongst others, the following justifications and recommend that Dato' Kamarudin be retained as Independent Director of the Company:-

- (a) He has met the independence criteria set out in Chapter 1 of the Main Market Listing Requirements of Bursa Securities and therefore, he would be able to give independent opinion to the Board;
- (b) Being director for more than nine (9) years has enabled him to contribute positively during deliberations/discussions at meetings as he is familiar with the operations of the Company and possess tremendous insight and knowledge of the Company's operations;
- (c) He has contributed sufficient time and exercised due care during his tenure as Independent Directors;
- (d) He has discharged his professional duties in good faith and also in the best interest of the Company and shareholders;
- (e) He has vigilantly safeguarded the interests of the minority shareholders of the Company;
- (f) He has the calibre, qualifications, experience and personal qualities to challenge management in an effective and constructive manner;
- (g) He has never compromised on his independent judgement;
- (h) He has provided objective views on the performance of the Executive Directors and Management in meeting the agreed goals and objectives; and
- (i) He has ensured that there were effective checks and balances in Board proceedings.

Dato' Kamarudin had abstained from deliberations and decision on his retention as Independent Director at the relevant Board Meetings.

Pursuant to the MCCG, the Company would adopt a two-tier voting process in seeking the annual shareholders' approval to retain Independent Director beyond nine (9) years for best practice of corporate governance.

**5. Ordinary Resolution 8: Authority for Directors to issue and allot shares in the Company pursuant to Section 75 of the Companies Act 2016**

For Ordinary Resolution 8, Authority for Directors to issue and allot shares in the Company pursuant to Section 75 of the Companies Act 2016 if passed will give the Directors of the Company from the date of the above meeting, authority to allot and issue ordinary shares from the unissued capital of the Company for such purposes as the Directors consider would be in the interest of the Company. The purpose of this general mandate is for possible fund raising exercise but not limited to further placing of the shares for purpose of funding investment(s), working capital and/or acquisitions at any time to such persons in their absolute discretion without convening a general meeting as it would be both costs and time-consuming to organize a general meeting. This authorization will expire at the conclusion of the next AGM of the Company.

The waiver of pre-emptive rights pursuant to Section 85 of the Companies Act 2016 and Article 47 of the Company's Constitution will allow the Directors of the Company to issue new shares of the Company which rank equally to existing issued shares of the Company, to any person without having to offer the new shares to all existing shareholders of the Company prior to issuance of new shares in the Company under the General Mandate.

This general mandate is a renewal of the mandate obtained from the shareholders at the AGM of the Company held on 12 June 2024. The Company did not exercise the mandate obtained at the last AGM and thus no proceeds were raised from the previous mandate.

**6. Ordinary Resolution 9: Proposed Renewal of Authority for Share Buy-Back**

For Ordinary Resolution 9, the detailed information on the Proposed Renewal of Authority for Share Buy-Back Authority is set out in the Statement/Circular to Shareholders dated 29 April 2025.

**7. Ordinary Resolution 10: Proposed Renewal of the Existing Shareholders' Mandate for Recurrent Related Party Transactions of a Revenue or Trading Nature**

For Ordinary Resolution 10, the detailed information on the Proposed Shareholders' Mandate is set out in the Statement/Circular to Shareholders dated 29 April 2025.

*Personal data privacy:*

*By submitting an instrument appointing a proxy(ies) and/or representative(s) to attend, speak and vote at the AGM and/or any adjournment thereof, a member of the Company (i) consents to the collection, use and disclosure of the member's personal data by the Company (or its agents) for the purpose of the processing and administration by the Company (or its agents) of proxies and representatives appointed for the AGM (including any adjournment thereof) and the preparation and compilation of the attendance lists, minutes and other documents relating to the AGM (including any adjournment thereof), and in order for the Company (or its agents) to comply with any applicable laws, listing rules, regulations and/or guidelines (collectively, the "Purposes"), (ii) warrants that where the member discloses the personal data of the member's proxy(ies) and/or representative(s) to the Company (or its agents), the member has obtained the prior consent of such proxy(ies) and/or representative(s) for the collection, use and disclosure by the Company (or its agents) of the personal data of such proxy(ies) and/or representative(s) for the Purposes, and (iii) agrees that the member will indemnify the Company in respect of any penalties, liabilities, claims, demands, losses and damages as a result of the member's breach of warranty.*
