**STATEMENT TO SHAREHOLDERS IN RELATION TO THE PROPOSED RENEWAL OF
AUTHORITY FOR SHARE BUY-BACK**

1. INTRODUCTION

The Company had announced on 21 April 2025 that it will be seeking shareholders' approval at its 52nd AGM to be held on 26 June 2025 for the proposed renewal of authority for the purchase by MEB of its own shares of up to ten percent (10%) of the total number of issued Shares at the point of purchase ("Proposed Share Buy-Back").

This Statement serves to provide you with the relevant information on the Proposed Share Buy-Back, to set out your Board's recommendation thereon and to seek your approval for the ordinary resolution in respect of the Proposed Share Buy-Back to be tabled at the forthcoming AGM.

The Notice of the 52nd AGM, Proxy Form, Administrative Notes and this Statement/Circular are available online at the Company's website at www.muhibbah.com or Bursa Securities' website at www.bursamalaysia.com. Please refer to the Administrative Notes for the procedures to register, participate and vote at the AGM.

2. DETAILS OF THE PROPOSED SHARE BUY-BACK

At the Fifty-First ("51st") Annual General Meeting of the Company held on 12 June 2024, the shareholders had approved the renewal of authority for the Company to buy-back up to ten percent (10%) of its total number of issued shares at the point of purchase.

The maximum number of shares that may be bought-back of up to ten percent (10%) of the total number of issued shares of the Company would include all shares which have been previously bought-back and cancelled or retained as Treasury Shares. All the MEB Shares purchased during the past financial years have been retained as Treasury Shares. As at LPD, the total number of MEB Shares retained as Treasury Shares was 1,783,000.

The renewal of the authority for the purchase by the Company of its own shares will be effective immediately upon the passing of the ordinary resolution on the Proposed Share Buy-Back at its 52nd AGM to be held on 26 June 2025 until:

- (a) the conclusion of the next AGM of the Company; or
 - (b) the expiration of the period within which the next AGM after that date is required by law to be held; or
 - (c) revoked or varied by ordinary resolution passed by the shareholders in general meeting,
- whichever is the earliest.

3. RATIONALE FOR THE PROPOSED SHARE BUY-BACK

The Proposed Share Buy-Back, if implemented, may potentially benefit the Company and its shareholders as follows:

- (a) Utilise its surplus financial resources to purchase MEB Shares at prices which the Board views as favourable.
- (b) The Purchased Shares can be retained as Treasury Shares and resold on Bursa Securities at a higher price with the intention of realising potential capital gain without affecting the total number of issued share capital of the Company and/or be distributed as share dividend as a reward to its shareholders.
- (c) All things being equal, the Proposed Share Buy-Back, irrespective of whether the Purchased Shares are held as Treasury Shares or cancelled, will result in a lower number of MEB Shares being taken into account for the purpose of computing the EPS of MEB Shares. The purchase of MEB Shares by MEB will improve the EPS of MEB, which in turn is expected to have a positive impact on the share price of MEB Shares. Thereby, enabling long-term and genuine investor to enjoy potential corresponding increase in the value of investments in the Company.

4. FUNDING FOR THE PROPOSED SHARE BUY-BACK

The Proposed Share Buy-Back will allow the Board to purchase MEB Shares at any time within the Proposed Authorised Period. The Board proposes to allocate an amount of funds not exceeding the retained profits of the Company for the purchase of its own Shares pursuant to the Proposed Share Buy-Back. The retained profits of the Company based on its latest audited financial statements for the financial year ended 31 December 2024 was approximately RM188.23million.

The amount of funds allocated for the purchase of its own Shares pursuant to the Proposed Share Buy-Back shall be financed from internally generated funds and/or external borrowings, the proportion of which will only be determined later depending on the available internally generated funds, actual number of Shares to be purchased and other relevant cost factors. In the event the Proposed Share Buy-Back is to be partly financed by external borrowings, the Board will ensure that the Company has sufficient funds to repay external borrowings and service the interests and that the repayment will not have any material effect on the cash flow of the MEB Group.

5. ADVANTAGES AND DISADVANTAGES

In addition to the potential advantages mentioned in Section 3 above, the Proposed Share Buy-Back, if exercised, may also potentially benefit the Company as follows:

- (a) The EPS of MEB Shares and the return on equity of MEB, assuming all other things being equal, would be enhanced resulting from the smaller issued share capital of the Company. This is expected to have a positive impact on the market price of MEB Shares which will benefit the shareholders of MEB; and
- (b) Allow MEB the flexibility in achieving the desired capital structure, in terms of its debt and equity composition and the size of its equity.

The potential disadvantages of the Proposed Share Buy-Back, if exercised, are as follows:

- (a) Will reduce the financial resources of the Company and may result in the Group forgoing better investment opportunities that may emerge in the future; and
- (b) As the Proposed Share Buy-Back can only be made out of retained profits, it may result in the reduction of financial resources available for distribution to the shareholders of the Company in the immediate future.

Nevertheless, the Board is mindful of the interests of the Company and its shareholders in undertaking the Proposed Share Buy-Back. The Proposed Share Buy-Back will be exercised only after careful consideration of the financial resources of the MEB Group, and of the resultant impact on the Company and its shareholders.

6. EFFECTS OF THE PROPOSED SHARE BUY-BACK

Assuming that the Company purchases Shares representing ten percent (10%) of its total number of issued share capital as at LPD, the effects of the Proposed Share Buy-Back on the share capital, NA, working capital, earnings and dividends are set out as follows:-

6.1 Share Capital

The Proposed Share Buy-Back will result in the reduction of the total issued share capital of the Company if the Purchase Shares are cancelled. The proforma effects of the Proposed Share Buy-Back on the total issued share capital of MEB as at LPD assuming the Purchase Shares are cancelled, is illustrated below:

Scenario 1 : Assuming the Proposed Share Buy-Back is carried out in full and none of the outstanding Options are exercised into new MEB Shares during the implementation of the proposed Share Buy-Back

Scenario 2 : Assuming the Proposed Share Buy-Back is carried out in full and all outstanding Options are exercised into new MEB Shares within the Proposed Authorised Period

	Scenario 1 No. of Shares	Scenario 2 No. of Shares
As at LPD*	731,020,818	731,020,818
Assuming all the outstanding Options are fully exercised within the Proposed Authorised Period	-	12,262,000#
Enlarged share capital	731,020,818	743,282,818
Maximum number of Shares which may be purchased pursuant to the Proposed Share Buy-Back	(73,102,082)	(74,328,282)
Resulting issued share capital upon cancellation of maximum number of Shares which may be purchased under the Proposed Share Buy-Back	657,918,736	668,954,536

The Proposed Authorised Period is applicable for only the outstanding 12,262,000 Options as at LPD which are assumed exercised into Shares from the LPD up to the conclusion date of next AGM.

* The above illustration is based on the assumption that a total of 1,783,000 Treasury Shares held on LPD are not cancelled.

The Proposed Share Buy-Back will not have any effect on the share capital of the Company if the Purchased Shares are retained as Treasury Shares.

6.2 NA

Depending on the purchase price and number of Shares purchased, the Proposed Share Buy-Back will reduce the consolidated NA per Share at the time of purchase if the purchase price exceeds the consolidated NA per Share and conversely will increase the consolidated NA per Share at the time of purchase if the purchase price is less than the consolidated NA per Share.

Should the Purchased Shares be resold, the consolidated NA per Share will increase if the Company realises a gain from the resale, and vice versa.

6.3 Working Capital

The implementation of the Proposed Share Buy-Back is likely to reduce the working capital of the Group, the quantum being dependent on the number of MEB Shares being purchased, the purchase price(s) and the amount of financial resources to be utilised for the purchase of MEB Shares.

For the Purchased Shares retained as Treasury Shares, upon its resale, the working capital of the Company will increase. Again, the quantum of the increase in the working capital will depend on the actual selling price of the Treasury Shares resold, the effective gain or interest saving arising and the gain or loss from the disposal.

6.4 Earnings

The effects of the Proposed Share Buy-Back on the consolidated earnings of MEB would depend on the purchase price and number of Shares purchased as well as the effective funding cost to the Company in implementing the Proposed Share Buy-Back. The reduction in the number of Shares applied in the computation of the consolidated EPS pursuant to the Proposed Share Buy-Back may generally, all else being equal, have a positive impact on the consolidated EPS for the financial year when the Proposed Share Buy-Back is implemented. Should the Purchased Shares be resold, the extent of the impact to the earnings of MEB Group will depend on the actual selling price, the number of Treasury Shares resold, the effective funding cost and the gain or loss on the disposal, if any.

6.5 Dividends

The Board proposed a First and Final tax-exempt dividend of 3.0 sen per ordinary share in respect of the financial year ended 31 December 2024, subject to the approval of the shareholders at the forthcoming AGM. Barring any unforeseen circumstances, the Board does not expect the Proposed Share Buy-Back to materially affect the dividend policy of the Company. The actual dividend rate to be declared and paid will depend on, among others, the actual results of our Group, its cash reserves, capital commitment and future funding requirements.

7. DIRECTORS' AND SUBSTANTIAL SHAREHOLDERS' SHAREHOLDINGS

In the event that all the Purchased Shares are cancelled and on the assumption that the Proposed Share Buy-Back is exercised in full and that the Company will purchase the Shares from shareholders other than the directors and substantial shareholders, the proforma effects of the Proposed Share Buy-Back on the shareholdings of the directors, substantial shareholders of MEB and persons connected as at LPD, are set out as follows:

8. PUBLIC SHAREHOLDING SPREAD

As at LPD, approximately 523,289,637 Shares representing 71.76% of the total number of issued share capital of the Company were held by 7,697 public shareholders. The Board will endeavour to ensure that the Proposed Share Buy-Back will not breach Paragraph 12.14 of the Listing Requirements, which states that a listed company must not purchase its own shares on Bursa Securities if the purchase(s) will result in the listed company being in breach of Paragraph 8.02(1) of the Listing Requirements. Paragraph 8.02(1) of the Listing Requirements states that a listed issuer must ensure at least 25% of its total listed shares are in the hands of the public shareholders holding.

The Board undertakes that any proposed purchase of the MEB Shares would only be conducted in accordance with laws prevailing at the time of the purchase including compliance with the twenty-five percent (25%) public shareholding spread as required by the Listing Requirements.

9. IMPLICATION RELATING TO THE CODE

There is no implication relating to the Code by MEB arising from the Proposed Share Buy-Back.

It is the intention of MEB to implement the Proposed Share Buy-Back in a manner that will not result in any of the shareholders of MEB having to undertake a mandatory offer pursuant to the Code.

10. PURCHASES OF SHARES OR RESALE OR CANCELLATION OF TREASURY SHARES IN THE LAST FINANCIAL YEAR

During the financial year ended 31 December 2024, the Company has not purchased any MEB Shares from the open market. There was also no resale or cancellation of treasury shares during the same period.

11. HISTORICAL SHARE PRICE

The monthly highest and lowest prices of MEB shares traded on Bursa Securities for the past twelve (12) months from April 2024 to LPD are as follows: -

Month/Year	High (RM)	Low (RM)
2024

2.1.3 Guidelines and Review Procedures for RRPT

The Audit Committee will be tasked with the review and approval of the RRPT to ensure that the relevant companies undertake such transactions on an arm's length basis and on normal commercial terms and to supervise the existing internal control procedures of the Group.

The following guidelines will apply to the review and approval of RRPT to ensure that the RRPT are undertaken on an arm's length basis, on transaction prices and terms not more favourable to the Related Parties than those generally available to the public and the RRPT are not detrimental to the minority shareholders of MEB.

- (i) Any tender, quotation or contract received from or proposed to be entered into with Related Parties will not be approved unless:
 - (a) the pricing for services, products and materials and/or equipment to be provided or supplied and/or received or purchased is determined in accordance with the Group's usual business practices and policies, as mentioned in Section 2.1.3(c) and (d) below and consistent with the usual margins of the Group with unrelated third parties;
 - (b) the terms are not more favourable to the Related Parties than those extended to unrelated third parties and available to the public and the RRPT are not detrimental to the minority shareholders of MEB;
 - (c) in respect of the provision and/or supply services and/or products and/or purchase of equipment, machinery and/or products after taking into account factors such as pricing, quality, delivery schedules and, where applicable, preferential rates, rebates or discounts accorded for bulk purchases, the terms offered are fair, reasonable and on the MEB Group's commercial rates; and
 - (d) at least two (2) other contemporaneous transactions with unrelated third parties for similar products/services/equipment and/or quantities will be used as comparison, (wherever practical and/or possible), to determine whether the price and terms offered to/by the related parties are fair and reasonable and comparable to those offered to/by other unrelated third parties for the same or substantially similar type of products/services and/or quantities. In the event that quotation or comparative pricing from unrelated third party cannot be obtained (for instance, if there are no unrelated third party vendors/customers of similar products/services, or if the product/services is a proprietary item), the transaction price will be determined by the Group in accordance with prevailing commercial rates/terms, business practices and policies or otherwise in accordance with applicable industry norms or market knowledge to ensure that the RRPT is not detrimental to the Group. Besides pricing, MEB Group also has a policy that priority and/or selection of vendors and/or suppliers are not based on pricing alone but also on other intrinsic qualities such as quality and nature of goods or services, reliability, lead time and all other relevant business circumstances and considerations to ensure that the RRPT is not detrimental to MEB Group.

- (ii) The Company has in place an internal authority limit governing business transactions including RRPT. Such internal authority limit would include approval thresholds, which vary depending on inter alia, the type of transactions and based on grounds of practicality of the business and/or operations viewpoint unique to the Group. Generally, a transaction shall first be reviewed and/or agreed by the relevant personnel in charge and/or the Head of Business Units/Department prior to the approval of either the senior management and/or Executive Directors and/or the Managing Director in accordance with the internal authority limit procedure (where applicable). Subsequently, the Audit Committee will review the management's reports on RRPT at the quarterly meetings of the Audit Committee.
- (iii) The Audit Committee may, as it deems fit, request for additional information pertaining to the transactions from independent sources or advisers.
- (iv) In addition to the guidelines set out above, the Audit Committee will also undertake the following:
 - (a) review from time to time the RRPT being undertaken by the MEB Group;
 - (b) carry out an annual review to ascertain that the established guidelines and procedures for RRPT have been complied with; and
 - (c) consider from time to time whether the established guidelines and procedures for RRPT have become inappropriate and/or unable to ensure that the transactions will be on normal commercial terms, and/or will prejudice the interest of shareholders generally.
- (v) The Company will also maintain a record of RRPT carried out pursuant to the Proposed Shareholders' Mandate. The Company's internal audit plan will incorporate a review of the records in respect of the transactions entered into during the year.
- (vi) Further, where any Director or person connected to the Director have an interest (direct or indirect) in any RRPT, such Director shall abstain from all deliberations and voting on any matter relating to any decision to be taken by the Board in respect of the RRPT at the relevant Board meetings. Where any member of the Audit Committee is interested in any RRPT, that member shall abstain from all deliberations and voting on any matter relating to any decision to be taken by the Audit Committee in respect of the RRPT at the relevant Audit Committee meetings.

2.1.4 Statement by Audit Committee

The Audit Committee has considered and reviewed the procedures mentioned in Section 2.1.3 above and is of the opinion that

- (i) the said procedures are sufficient to ensure that the RRPT as well as the annual review by the Audit Committee in relation thereto, are carried out on normal commercial terms which are not prejudicial to the interests of shareholders of MEB, and the terms are not more favourable to the Related Parties than those generally available to the public and such transactions are not detrimental to the interests of the minority shareholders of MEB; and
- (ii) the Group has in place adequate procedures and processes to monitor, track and identify RRPT in a timely and orderly manner, and the frequency of review of these procedures and processes which is carried out on quarterly basis.

The Company will seek shareholders' approval for the renewal of the Existing Shareholders' Mandate and new shareholders' mandate (if any) for the RRPT at each subsequent AGM.

Save and except as disclosed in Section 2.1.2, none of the members of the Audit Committee has any interest in any of the RRPT.

As at the date of the circular, the current composition of the Audit Committee is as follows:

Sobri Bin Abu (Independent Non-Executive Director)	Chairman
Dato' Khodijah Binti Abdullah (Independent Non-Executive Director)	Member
Dato' Sri Khazali Bin Haji Ahmad (Independent Non-Executive Director)	Member

The Audit Committee shall periodically review the RRPT and also review the established guidelines and procedures to ascertain their compliance.

2.1.5 Benefits to the Group from the RRPT

The RRPT entered into by MEB Group are intended to meet business needs at the best possible terms. The MEB Group should be able to generate sales revenue from its customers which includes its Related Party. Transacting with its Related Party also enhances the ability to explore other business opportunities which will be beneficial to the MEB Group. Further, the close working relationship with the Related Party in the RRPT will ensure timely delivery and provision of services, commitment and reliability of quality services for the MEB Group, to enable the smooth operation of the day-to-day business of the MEB Group.

3. RATIONALE FOR THE PROPOSED SHAREHOLDERS' MANDATE

The RRPT to be entered into by the Group with respect to which the Proposed Shareholders' Mandate is sought, are those transactions which will be carried out in the ordinary course of business. They are recurring transactions of a revenue or trading nature which are likely to occur with some degree of frequency and which may arise at any time and from time to time. These RRPT may be constrained by the time-sensitive and frequent nature of such transactions, and it may be impractical to seek shareholders' approval on a case-by-case basis before entering into such RRPT.

As such, the Board is seeking a shareholders' mandate pursuant to Part E, Paragraph 10.09 of the Listing Requirements for the RRPT described in Section 2.1.2 above to allow the Group to enter into such RRPT, which will be made on an arm's length basis and on normal commercial terms which are not more favourable to the Related Party than those generally available to the public and are not to the detriment of the minority shareholders of the Company and which are not prejudicial to the interest of the shareholders.

[The rest of this page has been intentionally left blank]

By obtaining the mandate for the Proposed Shareholders' Mandate, the necessity to announce and convene separate general meetings from time to time to seek shareholders' approval as and when such RRPT occur would not arise. The Proposed Shareholders' Mandate, if approved, would result in substantial savings of administrative time, inconvenience, costs and expenses for the Company where it would dispense the need for the Company to convene separate shareholders' meetings to approve the RRPT which are of a recurring nature, thus improving the administrative efficacy considerably and allow resources to be channelled towards meeting its other corporate objectives and pursuing business opportunities.

The RRPT entered into by the MEB Group are intended to meet business needs at the best possible terms. The MEB Group should be able to generate sales revenue from its customers which includes its Related Party. Transacting with its Related Party also enhances the ability to explore other business opportunities which will be beneficial to the MEB Group. Further, the close working relationship with Related Party in the RRPT will ensure timely delivery and provision of services, commitment and reliability of quality services for the MEB Group, to enable the smooth operation of the day-to-day business of the MEB Group.

4. EFFECTS OF THE PROPOSED SHAREHOLDERS' MANDATE

The Proposed Shareholders' Mandate will not have any effect on the share capital and shareholding structure of the Company, consolidated NA and earnings of the MEB Group.

5. AMOUNT DUE FROM THE RELATED PARTIES

The breakdown of the principal sum (without interest) for the total outstanding amount due to the Company from the Related Transacting Parties pursuant to Related Party Transactions which exceeded the credit terms for the following period as at the financial year ended 31 December 2024 are as follow: -

Related Party	Total Outstanding RRPT Receivables as at 31 December 2023	Outstanding Amount				Outstanding Amount Recovered as at LPD
		1 year or less	More than 1 year to 3 years	More than 3 years to 5 years	More than 5 years	
		Principal Sum	Principal Sum	Principal Sum	Principal Sum	
	(RM'000)	(RM'000)	(RM'000)	(RM'000)	(RM'000)	(RM'000)
FFCM	1,232	1,232	-	-	-	1,175
FES	160	160	-	-	-	160
FFCA	6	6	-	-	-	-
FFCU	4	4	-	-	-	-
Total	1,403	1,403	-	-	-	1,335

It is not MEB Group's practice to charge any interest nor impose any late payment charges on the outstanding sums for recurrent related party transactions of trade in nature. The outstanding balances are to be cleared progressively. The Group is mindful of the implication of delay in payments. The Management has and will continuously discuss with the debtors for early settlement of the outstanding amounts and reminders will be sent to the Related Parties regarding the balance outstanding.

The Board is of the opinion that these outstanding sums are recoverable by the respective Related Parties in due course.

A(i) MEB v Ketua Pengarah Hasil Dalam Negeri ("KPHDN")

On 29 January 2020, MEB filed a judicial review application at the Kuala Lumpur High Court ("KLHC") for an order to quash the notices of assessment for the years of assessment 2015 and 2016 for an additional tax liability amounting to RM11,993,408.46 and the notification of non-chargeability for year of assessment 2017 raised by KPHDN ("**Judicial Review Application**"). The KPHDN had disallowed MEB's deduction for the project accrued expenses for the respective years and had unilaterally added back those accrued costs to the total estimated projects profit increasing the overall profit margin of the projects. MEB's leave application was dismissed by the KLHC on 27 July 2020.

MEB then appealed to the Court of Appeal and the appeal was allowed and a stay until the exhaustion of the substantive judicial review proceeding was granted by the court on 19 July 2021.

Subsequently, KPHDN then appealed to the Federal Court and pursuant to the substantive hearing at the Federal Court on 1 December 2022, the Federal Court had unanimously affirmed the Court of Appeal's decision in respect of granting leave and to proceed with the substantive judicial review hearing at the High Court.

APPENDIX II – FURTHER INFORMATION (cont'd)

However, on 1 April 2024, the KLHC dismissed MEB application on the basis that such cases are to be heard at the Special Commissioners of Income Tax (“SCIT”).

MEB has appealed to the Court of Appeal and the hearing is fixed on 23 October 2025.

Our legal counsel is of the view that MEB has merits to appeal to the Court of Appeal against this KLHC’s decision.

The Government of Malaysia has initiated a civil suit on MEB. KPHDN filed a summary judgement application and the High Court allowed the application on 20 February 2024.

Separately, on 13 February 2020 MEB also filed an appeal to SCIT to quash these notices of assessment. The trial at SCIT is fixed on 27 and 28 May 2025.

A(ii) Muhibbah Marine Engineering Sdn Bhd ("MMESB") v KPHDN

On 29 January 2020, MMESB, a wholly-owned subsidiary of MEB, filed a judicial review application at the KLHC for an order to quash the notices of assessment for the years of assessment 2015 and 2016 for an additional tax liability amounting to RM10,979,764.96 raised by KPHDN due to the disallowance of the group tax relief. On 16 December 2020, MMESB’s leave application was dismissed by the KLHC ("**High Court Decision**").

MMESB then filed for a stay and appealed against the High Court Decision ("**Appeal**") at the Court of Appeal. On 15 June 2023, the Court of Appeal allowed MMESB’s appeal and granted leave for the matter to proceed for the substantive judicial review hearing at the KLHC with a stay order until the disposal of the matter at the KLHC.

On 1 April 2024, the KLHC dismissed MMESB application on the basis that such cases are to be heard at the SCIT.

MMESB has appealed to the Court of Appeal and the hearing is fixed on 23 October 2025.

Our legal counsel is of the view that MMESB has merits to appeal to the Court of Appeal against this KLHC’s decision.

The Government of Malaysia has initiated a civil suit on MMESB. KPHDN filed a summary judgement application and the High Court allowed the application on 20 February 2024.

Separately, on 13 February 2020, MMESB had filed an appeal to SCIT to quash these notices of assessment. The trial at SCIT is fixed on 27 and 28 May 2025.

B(i) MEB v TTCL Malaysia Sdn Bhd ("TTML")

On 11 September 2019, MEB commenced arbitration proceedings against TTML in Kuala Lumpur for the total amount of approximately RM157.3 million (excluding interest) for amongst others, breach and wrongful termination of a contract dated 26 June 2015 to construct and complete the civil, concrete and building works for offsite areas for a project known as the Rapid Steam Cracker Complex Project in Pengerang, Johor ("**TTML Contract**").

APPENDIX II – FURTHER INFORMATION (cont'd)

TTML raised a counterclaim of approximately RM28 million for alleged overpayments, back-charges and loss and expenses due to MEB's alleged breaches under the TTML Contract.

MEB had on 9 November 2021 filed an amended reply to defence and defence to the counterclaim. Evidential hearing commenced in February 2023 and concluded in May 2024. The parties have exchanged their written submissions. The Parties are now awaiting the delivery of the arbitral award.

The solicitors are of the view that there are documents and arguments to support MEB's claim against TTML.

B(ii) MEB v TTCL Public Company Limited ("TTCL")

Arising from the claim under item B(i) above, on 14 September 2020, MEB filed an action against TTML's parent company, TTCL in South Bangkok Civil Court to, amongst others, enforce the parent company guarantee ("**PCG**") dated 28 July 2015 issued in favour of MEB. The total claim amount is approximately RM172 million (including interest as at the date of filing of action on 14 September 2020).

The Thai Court dismissed TTCL's petition to strike out MEB's action and fixed the matter for pre-trial conference on 26 June 2023. On 26 June 2023, the Thai Court issued an order to temporarily dismiss MEB's action and further ordered that once the arbitral award under item B(i) above is rendered, MEB may submit a petition for reinstatement of proceedings within 60 days from the date of arbitral award.

C MEB v Government of Syrian Arab Republic (represented by the Ministry of Transport, Syrian Arab Republic – The Syrian Civil Aviation Authority) ("SCAA")

On 19 September 2019, MEB issued a request for arbitration pursuant to Dubai International Arbitration Centre ("**DIAC**") Rules of Arbitration against SCAA in accordance with the terms of the contract. The dispute arises from the same subject matter as stated in item C(i) above. Under the request for arbitration, MEB is seeking for, amongst others, wrongful termination and payment for the sum of approximately RM128 million (EURO 36 million) from SCAA. Parties filed their respective pleadings as directed by Tribunal and the hearing took place in May 2023. On 20 February 2024, DIAC issued an award in favour of MEB as follows:-

- (i) EURO 8,320,377.21.
- (ii) Interest on EURO8,320,377.21 at the rate of 3%, from the date of the award until payment is made in full; and
- (iii) AED 365,811.75 for costs

On 26 March 2024, SCAA filed application in Dubai Court of Appeal to nullify the said award. The nullification application was dismissed by the Court of Cassation on 25 September 2024. This means that the award shall be final, binding and enforceable. As such, the Company is actively pursuing enforcement of the award.
